Submission for OMB Review; Comment Request; Reinstatement

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and reinstatement under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by August 10, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by

selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: SF-299: Application for Transportation, Utility Systems, Telecommunication and Facilities on Federal Lands and Property.

OMB Control Number: 0596-0249.

Summary of Collection: This information collection is used by the Forest Service to evaluate and ensure that authorized uses of National Forest System (NFS) lands are in the public interest and are compatible with the agency's mission. The information helps the agency identify environmental and social impacts of special uses for purposes of compliance with the National Environmental Policy Act (NEPA) and program administration. In addition, the agency uses the information to ascertain whether the land use fee being charged for special use authorizations is based on market value. The information is collected through application forms and terms and conditions in special use authorizations and operating plans. Ongoing uses must be monitored to ensure compliance with the terms of the corresponding authorizations. In certain situations, information from the authorization holder is the only way the Forest Service can verify compliance with the terms of an authorization.

Need and Use of the Information: The information collected is used to issue permits and leases, enforce compliance with agreements, and reports are generated to ensure fees are paid (Such as Recreation Residence Cabins) & to monitor growth of the Special Use Program, this helps with budget forecasting & program development.

Description of Respondents: Individuals or households.

Number of Respondents: 3,233.

Frequency of Responses: Annually.

Total Burden Hours: 25,864.

Office of the Chief Financial Officer

Title: Build America, Buy America (BABA) Waiver.

OMB Control Number: 0505-0028.

Summary of Collection: In accordance with section 70914 of the Build America Buy America Act (Pub. L. 117-58 §§ 70901-70952) (BABAA), recipients and subrecipients funded under USDA Federal financial assistance programs for infrastructure projects may not use their funds for these infrastructure projects unless they comply with the following BABAA sourcing requirements:

1. All iron and steel used in the project are produced in the United States.

2. All manufactured products used in the project are produced in the United States.

3. All construction materials are manufactured in the United States.

USDA agencies and staff offices may, in accordance with BABAA sections 70914(b) and (d), 70921(b), and 70935., and the Office of Management and Budget (OMB) Memorandum M 22–11, Initial Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure, approve waivers to BABAA sourcing requirements submitted by recipients and subrecipients under a Federal financial assistance program the USDA agency or staff office has identified as an infrastructure project, regardless of whether infrastructure is the primary purpose of the award.

Need and Use of the Information: The information will be collected by accessing the data collection electronically submitted by recipients and subrecipients. BABAA Waiver Request Data Collection and supporting documentation will be submitted via email to the USDA awarding agency or staff office point of contact. The information for each recipient and subrecipient is unique and, therefore, cannot take significant advantage of this technology. The BABAA Waiver Request Data Collection will be provided to the recipient and subrecipient to submit a waiver request from BABAA requirements as explained in the OMB Memorandum M–22–11 and required by the Infrastructure, Investments and Jobs Act (IIJA) sections 70901 through 70952.

The General Services Administration (GSA), in accordance with BABAA, is working with Federal agencies and OMB to develop a web based BABAA electronic data submission system that USDA anticipates participating in when the system becomes available. GSA began work on this endeavor and a completion date has not been established.

Type of Request: Request for a new information collection.

Abstract: FSIS is announcing its intention to collect information from interviews on consumer food safety knowledge, attitudes, and behaviors. FSIS will also collect consumer responses to food safety messages related to home cooking to gather feedback on message content and format. This is a new information collection with 547 hours.

FSIS' Office of Public Affairs and Consumer Education makes sure members of the American public are equipped with the tools they need to reduce their risk of foodborne illness by teaching the public how to safely handle, prepare, and store food. Consumer education campaigns developed by OPACE's staff are created to promote safe food handling procedures and reduce the likelihood of foodborne illness.

OPACE works to continuously increase consumer knowledge of food safety practices with the intention of improving food-handling behaviors at home. Now, OPACE seeks to plan a new consumer education effort to promote food safety behaviors among populations that have not previously benefited from direct and tailored consumer food safety outreach in the past.

To extend its commitment to educating the public about food safety, FSIS is seeking to focus on the parents and caregivers or those who are providing care and preparing meals to at least one child or one older adult, as a priority audience for this new food safety campaign. To date, no known
