

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NOTICE: 23–070]

Name of Information Collection: Financial Assistance Awards/Grants and Cooperative Agreements**AGENCY:** National Aeronautics and Space Administration (NASA).**ACTION:** Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by August 11, 2023.

ADDRESSES: Written comments and recommendations for these information collections should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review-Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of these information collection instruments and instructions should be directed to Bill Edwards-Bodmer, NASA Clearance Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546, call 757–864–7998, or email b.edwards-bodmer@nasa.gov.

SUPPLEMENTARY INFORMATION:

For 2700–0092:

I. Abstract

This is a notice to revise OMB control number 2700–0092 to include a voluntary demographic information collection that is currently represented by 2700–0161. This collection is required to ensure proper accounting of Federal funds and property provided under financial assistance awards (grants and cooperative agreements) per 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. 2 CFR 200, Subparts A through F, applies to all NASA award recipients except for for-profit organizations. Only Subparts A through D of 2 CFR 200 apply to for-profit organizations. Reporting and recordkeeping are prescribed at 2 CFR part 1800—Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards. The requirements in 2 CFR part 1800 are applicable to awards

that NASA issues to non-Federal entities, government, for-profit organization, and foreign organizations as allowed by 2 CFR 200.101, Applicability.

II. Methods of Collection

Grant and cooperative agreement proposals are submitted electronically through the NASA Solicitation and Proposal Integrated Review and Evaluation System (NSPIRES) or *Grants.gov*. The use of these systems reduces the need for proposers to submit multiple copies to the agency. Proposers may submit multiple proposals and notices of intent to different funding announcements without registering in NSPIRES each time.

Basis of Estimate

Approximately 7000 NASA financial assistance awards are open at any one time. It is estimated that out of the 9,900 proposals received each year, NASA awards approximately 1,977 new awards. The period of performance for each financial assistance award is usually three to five years. Performance reports are filed annually, and historical records indicate that, on average, 1,625 changes to these reports are submitted annually. The total number of respondents is based on the average number of proposals that are received each year and the average number of active grants and cooperative agreements that are managed each year. The total number of hours spent on each task was estimated through historical records and experience of former recipients. Using past calculations, the total cost was estimated using the average salary (wages and benefits) for a GS–12 step 5.

III. Data

Title: Financial Assistance Awards/Grants and Cooperative Agreements.

OMB Number: 2700–0092.

Type of review: Revision of a previously approved information collection.

Affected Public: Non-profits, institutions of higher educations, government, and for-profit entities.

Estimated Annual Number of Activities: 300.

Estimated Number of Respondents per Activity: 36.

Annual Responses: 10,800.

Estimated Time per Response: 120 hours.

Estimated Total Annual Burden Hours: 1,296,000 hours.

Estimated Total Annual Cost: \$47,952,000.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA’s estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

William Edwards-Bodmer,

NASA PRA Clearance Officer.

BILLING CODE 7510–13–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (23–071)]

Aerospace Safety Advisory Panel; Meeting

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the National Aeronautics and Space Administration announces a forthcoming meeting of the Aerospace Safety Advisory Panel (ASAP). The ASAP will hold its Third Quarterly Meeting for 2023. This discussion is pursuant to carrying out its statutory duties for which the Panel reviews, identifies, evaluates, and advises on those program activities, systems, procedures, and management activities that can contribute to program risk. Priority is given to those programs that involve the safety of human flight.

DATES: Thursday, August 3, 2023, 1:30 p.m. to 3:00 p.m., Central Time.

ADDRESSES: Public attendance will be virtual only. See dial-in information below under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Ms. Lisa M. Hackley, ASAP Administrative Officer, NASA Headquarters, Washington, DC 20546, (202) 358–1947 or lisa.m.hackley@nasa.gov.

SUPPLEMENTARY INFORMATION: As noted above, this meeting is only available telephonically. Any interested person must use a touch-tone phone to participate in this meeting. Any interested person may call the USA toll free conference call number 888-566-6133; passcode 8343253 and then the # sign. At the beginning of the meeting, members of the public may make a verbal presentation to the Panel limited to the subject of safety in NASA, not to exceed 5 minutes in length. To do so, members of the public must contact Ms. Lisa M. Hackley at lisa.m.hackley@nasa.gov or at (202) 358-1947 at least 48 hours in advance. Any member of the public is permitted to file a written statement with the Panel via electronic submission to Ms. Hackley at the email address previously noted. Written statements should be limited to the subject of safety in NASA.

The agenda for the meeting includes the following topics:

- Updates on the International Space Station Program
- Updates on the Commercial Crew Program
- Updates on the Moon to Mars Program

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Carol J. Hamilton,

Aerospace Safety Advisory Panel, Executive Director, National Aeronautics and Space Administration.

BILLING CODE 7510-13-P

NATIONAL SCIENCE FOUNDATION

Notice of Availability and Notice of Public Meeting for the U.S. Antarctic Program (USAP) South Pole Station Master Plan Charrette

AGENCY: National Science Foundation.

ACTION: Notice of public meeting.

SUMMARY: The National Science Foundation (NSF) is developing a Station Master Plan for the USAP South Pole Station, Antarctica. A planning charrette will provide a forum for the scientific community to engage in conversations about science conducted at the South Pole currently and capabilities in the future. Planners will facilitate discussions around facility requirements, siting criteria, infrastructure and utility needs, and phasing priorities. Following the charrette, a draft Master Plan will be

posted to the **Federal Register** for public comment.

DATES: The public meeting (Charrette) is scheduled for August 22, 24, 29, and 31. (see details in **SUPPLEMENTARY INFORMATION**).

ADDRESSES: You may submit written comments by either of the following methods:

Email to: SPMasterPlan@nsf.gov, with subject line “South Pole Station Master Plan.”

Mail to: Office of Polar Programs, RE: South Pole Station Master Plan, National Science Foundation, 2415 Eisenhower Avenue, Suite W7100, Alexandria, VA 22314.

FOR FURTHER INFORMATION CONTACT: For further information regarding the South Pole Station Master Plan (SPSMP), contact: Office of Polar Programs RE: South Pole Station Master Plan, National Science Foundation, Office of Polar Programs, 2415 Eisenhower Avenue, Suite W9152, Alexandria, VA 22314; Suzanne Plimpton; Telephone: (703) 292-8030; email: SPMasterPlan@nsf.gov.

SUPPLEMENTARY INFORMATION: The Amundsen-Scott South Pole station is one of three year-round stations operated by the National Science Foundation (NSF) as outlined in Presidential Memorandum 6646. The South Pole is a unique research site that supports projects ranging from cosmic observations to seismic and atmospheric studies. The South Pole Station begins austral summer operations in October of each year. The station typically remains in summer operating mode until early February, at which point the eight-month long winter season begins.

Amundsen-Scott South Pole Station sits at the Earth’s axis on a shifting continental ice sheet several miles thick. At an elevation of 2,835 meters (9,300 feet), the South Pole has an average monthly temperature in the austral summer of -28°C (-18°F); in the austral winter, the average monthly temperature is -60°C (-76°F).

The NSF Office of Polar Programs has identified the need for a South Pole Station Master Plan. Master Plans are a common tool used across research campuses and universities to ensure infrastructure projects are guided by a clear and consistent vision of the future. The South Pole Station Master Plan will inform investments planned under the Antarctic Infrastructure Recapitalization program and ensure that the future state will achieve the mission and priorities of the U.S. Antarctic Program and the NSF.

The Rules of Conduct for panelists will be reviewed and posted during the meeting, they will include:

- Be respectful and kind, treat everyone on the call with respect, even if you disagree with their viewpoint or ideas.

- Address the problem, not the speaker.

- Verbal attacks, lectures, and curse language will not be tolerated.

General public attendees will be able to post questions in the Q&A window only.

Public Meeting: A public planning charrette meeting to address the South Pole Station Master Plan will take place virtually via ZOOM. Individuals may register to attend at this link: South Pole Maser Plan Charrette—Registration. The meetings will be held over four days: August 22, 24, 29, & 31 between 12–6 p.m. ET each day.

Notification of the time and location will be published in a newspaper, as follows:

- **Public Meeting:** A public planning charrette meeting to address the South Pole Station Master Plan will take place virtually via ZOOM over four days: August 22, 24, 29, & 31 between 12–6 p.m. ET each day. Individuals may register to attend at this link: https://nsf.zoomgov.com/webinar/register/WN_ZxoAb4MbSrG7rE4LZVRuLA.

Please contact NSF at least one week in advance of the meeting if you would like to request special accommodations (*i.e.*, sign language interpretation, etc.).

Dated: July 7, 2023.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

POSTAL REGULATORY COMMISSION

[Docket Nos. MC2023-180 and CP2023-184]

New Postal Products

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission’s consideration concerning a negotiated service agreement. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* July 14, 2023.

ADDRESSES: Submit comments electronically via the Commission’s Filing Online system at <http://>
