Truck and Bus Tires From the People’s Republic of China: Final Results and Partial Rescission of Countervailing Duty Administrative Review; 2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies were provided to certain exporters/producers of truck and bus tires from the People’s Republic of China (China) during the period of review (POR) January 1, 2021, through December 31, 2021. Commerce is also rescinding the review with respect to one company that had no reviewable entries during the POR.

DATES: Applicable July 12, 2023.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2022, Commerce published the preliminary results of this administrative review in the **Federal Register**.¹ From April 17 through 18, 2023, we conducted an onsite verification of the financing of the U.S. importers and customers of the

mandatory respondent, Qingdao Ge Rui Da Rubber Co., Ltd. (GRT), for the export buyer’s credit program. On April 27, 2023, we released the verification report to interested parties.²

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³

Scope of the Order⁴

The products covered by the scope of the *Order* are truck and bus tires from China. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by the interested parties in their case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of topics discussed in the Issues and Decision Memorandum is provided in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of comments from interested parties and the evidence on the record, we revised the calculation of the net countervailable subsidy rates for GRT. For a discussion of the issues, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the

subsidy is specific.⁵ For a complete description of the methodology underlying all of Commerce’s conclusions, including our reliance, in part, on facts otherwise available, including adverse facts available, pursuant to sections 776(a) and (b) of the Act, see the Issues and Decision Memorandum.

Partial Rescission of Review

It is Commerce’s practice to rescind an administrative review of a countervailing duty order, pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁶ Normally, upon completion of an administrative review, the suspended entries are liquidated at the countervailing duty assessment rate calculated for the review period.⁷ Therefore, for an administrative review of company to be conducted, there must be a reviewable, suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the calculated countervailing duty assessment rate calculated for the review period.⁸

We continue to find that one company subject to this review, Chongqing Hankook Tire Co., Ltd. (Chongqing Hankook), did not have reviewable entries of subject merchandise for which liquidation is suspended. Because there is no evidence on the record to indicate that Chongqing Hankook had entries, exports, or sales of subject merchandise during the POR, we are rescinding this review with respect to Chongqing Hankook consistent with 19 CFR 351.213(d)(3).

Companies Not Selected for Individual Review

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected
