Background

The FAA is posting this notice to inform the public of the intent to designate as abandoned Aviation Composite Technologies, Inc., STC No. SH4537SW, for the installation of a radome in Bell Model 206A, 206B, 206L, and 206L-1 helicopters, and

subsequently release the related engineering data.

The FAA has received a third-party request for the release of the aforementioned engineering data under the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552. The FAA cannot release commercial or financial information under FOIA without the permission of the data owner. However, in accordance with title 49 of the United States Code section 44704(a)(5), the FAA can make STC "engineering data" in possession of the FAA available upon request if the FAA determines that the STC has been inactive for three years or more and, using due diligence, the FAA is unable to locate the owner of record or the owner of record's heir, and the availability of such data will enhance aviation safety. There has been no activity on this STC for more than three years.

On December 15, 2022, the FAA sent a registered letter to Mr. Stephen B. Squires, President of Aviation Composites Technologies, Inc., at its last known address, 601-2 Hawwood Road, Suite 132, Bedford, TX 76021. The letter informed Aviation Composite Technologies, Inc., that the FAA had received a request for engineering data related to STC No. SH4537SW and was conducting a due diligence search to determine whether the STC was inactive and may be considered abandoned. The letter further requested Aviation Composite Technologies, Inc., to respond in writing within 60 days and state whether it is the holder of the STC. The FAA also attempted to make contact with Aviation Composites Technologies, Inc., by other means, including telephone communication, without success.

Information Requested

If you are the owner or heir or a transferee of STC No. SH4537SW or have any knowledge regarding who may now hold STC No. SH4537SW please contact Trong Pham using a method described in this notice under **FOR FURTHER INFORMATION CONTACT**. If you are the heir of the owner, or the owner by transfer, of STC No. SH4537SW, you must provide a notarized copy of your government-issued identification with a letter and background establishing your ownership of the STC and, if applicable, your relationship as the heir to the deceased holder of the STC.

Conclusion

If the FAA does not receive any response by January 9, 2024, the FAA will consider STC No. SH4537SW abandoned, and the FAA will proceed

with the release of the requested data. This action is for the purpose of maintaining the airworthiness of an aircraft and enhancing aviation safety.
