

change in the oversight of LDTs at this time, the DoD has determined that continuation of the LDT demonstration for an additional five years is necessary to provide TRICARE beneficiaries and their health care providers with seamless access to safe and effective, medically necessary tests, as determined by TRICARE, to support health care decisions and treatment.

Health care costs projected for the LDT demonstration over the five-year extension (Fiscal Year (FY) 2023–FY 2028) are \$198.8 million (M) and \$2.1M in administrative costs for all contracts combined. Because all managed care support contractors currently have systems in place for the LDT demonstration, no additional start-up costs are anticipated for this five-year extension.

During the next five years, the DHA will continue to evaluate the LDT examination and recommendation process to assess feasibility, resource requirements, and the cost-effectiveness of establishing an internal safety and efficacy review process to permit TRICARE cost-sharing for an ever-expanding pool of non-FDA-approved LDTs, including tests for cancer risk, diagnosis, and treatment; blood and clotting disorders; a variety of genetic diseases and syndromes; and neurological conditions. The results of the evaluation will provide an assessment of the potential improvement of the quality of health care services for beneficiaries who would not otherwise have access to tests that meet TRICARE requirements for safety and effectiveness. Based on the results of the demonstration evaluation, and status of the regulatory oversight of LDTs, a recommendation will be made on whether to modify 32 CFR 199.4(g)(15) to permit TRICARE cost-sharing of non-FDA approved LDTs that are found to meet TRICARE requirements for safety and effectiveness. Our intent is for the LDT demonstration to conclude at the end of this five-year extension. Should the FDA issue final guidance on LDTs and/or enforce the requirement for clearance or premarket approval for LDTs, the Director, DHA will modify or terminate the LDT demonstration, as appropriate, and the DoD will ensure compliance with applicable federal law and regulations.

The LDT demonstration continues to be authorized by 10 U.S.C. 1092.
