## FEDERAL COMMUNICATIONS COMMISSION

#### 47 CFR Part 73

[MB Docket No. 23-79; RM-11947; DA 23-583; FR ID 155950]

#### Television Broadcasting Services Kalispell, Montana

AGENCY: Federal Communications Commission.

ACTION: Final rule.

**SUMMARY:** In this document, the Federal Communication Commission's Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking* (*NPRM*) in response to a petition for rulemaking filed by Sinclair Media Licensee, LLC (Petitioner), the licensee of KCFW–TV (Station or KCFW–TV), channel 9, Kalispell, Montana, requesting the substitution of channel 17 for channel 9 at Kalispell in the Table of TV Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 17 for channel 9 at Kalispell.

DATES: Effective July 19, 2023.

#### FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647 or *Joyce.Bernstein@fcc.gov.*

**SUPPLEMENTARY INFORMATION:** The proposed rule was published at 88 FR 15637 on March 14, 2023. The Petitioner filed comments in support of the petition reaffirming its commitment to apply for channel 17. No other comments were filed.

The Bureau believes the public interest would be served by substituting channel 17 for channel 9 at Kalispell, Montana. The Station has a long history of severe reception problems as a result of its operation on a VHF channel and the Commission has recognized that VHF poses challenges for stations providing digital television service on those channels due to propagation characteristics that allow undesired signals and noise to be receivable at relatively far distances and result in large variability in the performance of indoor antennas available to viewers, with most antennas performing very poorly on high VHF channels. Thus, the channel substitution proposal will serve the public by resolving the over-the-air reception problems and enhancing viewer reception in KCFW-TV's service area. Moreover, an analysis conducted using the Commission's TVStudy software tool indicates that all but approximately 75 persons will continue to receive the Station's signal and the proposed change to channel 17 will result in a predicted increase in service to more than 38,000 persons.

This is a synopsis of the Commission's *Report and Order*, MB Docket No. 23–79; RM–11947; DA 23– 583, adopted July 5, 2023, and released July 5, 2023. This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601– 612, do not apply to this proceeding.

The Commission will send a copy of this *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).
