

1103RD—MEETING, OPEN MEETING—Continued
[July 27, 2023, 10:00 a.m.]

Item No.	Docket No.	Company
E-8	ER22-2304-000	Nevada Power Company.
E-9	ER22-2307-000	Cheyenne Light, Fuel and Power Company.
E-10	ER21-2592-000, ER21-2592-001	Pacific Gas and Electric Company.
	EL23-24-000 (not consolidated)	CXA La Paloma, LLC v. California Independent System Operator Corporation.
E-11	EL23-69-000	Secure-the-Grid Coalition.
E-12	EL23-43-000	arGo Partners GP LLC.
E-13	EL23-41-000	arGo Partners GP LLC.
E-14	ER23-729-001, EL23-19-001	PJM Interconnection, L.L.C.

HYDRO

H-1	P-2290-124	Southern California Edison Company.
H-2	P-14634-007	New England Hydropower Company, LLC.

CERTIFICATES

C-1	CP22-25-000	Venture Global Calcasieu Pass, LLC.
C-2	CP20-55-000	Port Arthur LNG Phase II, LLC and PALNG Common Facilities Company, LLC.
C-3	CP22-2-000	Gas Transmission Northwest LLC.
C-4	CP22-494-000	Boardwalk Storage Company, LLC.
C-5	CP22-15-000	Texas Eastern Transmission, LP.
C-6	CP22-466-000	WBI Energy Transmission, Inc.
C-7	CP22-138-000	Northern Natural Gas Company.
C-8	CP22-461-000	Transcontinental Gas Pipe Line Company, LLC.

A free webcast of this event is available through the Commission’s website. Anyone with internet access who desires to view this event can do so by navigating to www.ferc.gov’s Calendar of Events and locating this event in the Calendar. The Federal Energy Regulatory Commission provides technical support for the free webcasts. Please call (202) 502-8680 or email customer@ferc.gov if you have any questions.

Immediately following the conclusion of the Commission Meeting, a press briefing will be held in the Commission Meeting Room. Members of the public may view this briefing in the designated overflow room. This statement is intended to notify the public that the press briefings that follow Commission meetings may now be viewed remotely at Commission headquarters but will not be telecast.

Issued: July 20, 2023.

Debbie-Anne A. Reese,

Deputy Secretary.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Revision to the Information Collection Request for the 2020 Drinking Water Infrastructure Needs Survey and Assessment (DWINSA)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), “Revision to the Information Collection Request for the 2020 Drinking Water Infrastructure Needs Survey and Assessment (DWINSA)” (EPA ICR Number 2616.02; OMB Control Number 2040-0302) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a request for emergency approval of a revision to the currently approved collection, allowing the Agency to conduct a one-time follow-up to the lead service line (LSL) questionnaire of the 2020 DWINSA. A fuller description of the proposed revision is given below, including its estimated burden and cost to the public.

FOR FURTHER INFORMATION CONTACT: John Towe, Office of Water, Office of Ground Water and Drinking Water, Environmental Protection Agency; telephone number: 202-564-2298; email address: towe.john@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed revision of the ICR, which is currently approved through December 31, 2023. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Abstract: Pursuant to section 3507(j) of the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), as implemented in the Office of Management and Budget (OMB) regulations at 5 CFR 1320.13, EPA is requesting emergency processing of a proposed information collection revision.

The purpose of this information collection revision is to better identify the presence of LSL in States across the country. EPA’s Office of Ground Water and Drinking Water already collected data to comply with sections 1452(h) and (i)(4) of the Safe Drinking Water Act (42 U.S.C. 300j-12) and the America’s Water Infrastructure Act (AWIA) of 2018. This revised data collection effort will only include updates to the lead service line (LSL) counts of the 2020 DWINSA. For the LSL count update, EPA will collect and evaluate the number of LSL for water systems that are in all 50 States, the U.S. territories (Guam, U.S. Virgin Islands, Northern

Mariana Islands, and American Samoa), Puerto Rico, and the District of Columbia. EPA will use an abbreviated version of the original DWINSA 2020 LSL questionnaire to collect LSL counts from previously surveyed water systems. Participation in the one-time update is voluntary.

Service line information is rapidly developing as States and water systems develop inventories required under the Lead and Copper Rule Revisions. This update of the LSL questionnaire allows water systems and States that provided incomplete submissions to the original lead service line questionnaire or are still developing their LSL inventories to provide additional information to the data provided in 2021. This will result in a Bipartisan Infrastructure Law (BIL) Lead Service Line Replacement (LSLR) allotment that reflects a more current understanding of each State's needs. As mandated by section 1452(a)(1)(D)(ii) of the Safe Drinking Water Act, EPA intends for the update to impact the LSLR allotments starting in FY 2024 (*i.e.*, 3rd year of BIL funding). In order to complete data collection within this timeframe, the service line count update must be conducted as an emergency revision to the original ICR.

Form Numbers: None.

Respondents/affected entities: The respondents for the LSL count update to the 2020 Drinking Water Infrastructure Needs Survey and Assessment are CWSs, NPNCWSs, and State agencies.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 3,969 (total).

Frequency of response: One time.

Total estimated burden: 3,118.8 hours (per year). Burden is defined at 5 CFR 1320.03(b)

Total estimated cost: \$194,265.4 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase of 3,118.8 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase is a result of the Agency conducting a one-time follow-up to the original lead service line (LSL) questionnaire of the 2020 DWINSA in order to help ensure Lead Service Line Replacement (LSLR) allotments made from the Bipartisan Infrastructure Law (BIL) more accurately reflect each State's needs.

Jennifer McLain,

Director, Office of Ground Water and Drinking Water.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2017-0720; FRL-11135-01-OCSPP]

Pesticide Registration Review; Pesticide Dockets Opened for Review and Comment; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of the EPA's preliminary or continuing work plans for the following chemicals: Complex Polymeric Polyhydroxy Acid (CPPA); Killed, non-viable *Streptomyces acidiscabies* strain RL-110T cells and spent fermentation media; penflufen; propionic acid; straight chain lepidopteran pheromones; and *Streptomyces* strain K61. With this document, the EPA is opening the public comment period for registration review for these chemicals.

DATES: Comments must be received on or before September 25, 2023.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2017-0720, through the *Federal eRulemaking Portal* at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in Table 1 in Unit IV.

For general questions on the registration review program, contact: Melanie Biscoe, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-0701; email address: biscoe.melanie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the

sale, distribution, or use of pesticides. Since others also may be interested, the agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the Chemical Review Manager identified in Table 1 in Unit IV.

B. What should I consider as I prepare my comments for the EPA?

1. *Submitting CBI.* Do not submit this information to the EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to the EPA, mark the outside of the disk or CD-ROM as CBI, and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. Background

Registration review is the EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. Registration review dockets contain information that will assist the public in understanding the
