

units and DoD civilian personnel organizations a means to assess concerns identified in the DEOCS on an as-needed annual basis. Also included in the DOCP population are active duty and Reserve component members of the Coast Guard and foreign national employees working for the DoD. The survey is web-based and is a census of the commander's unit. The survey includes core demographic questions and a pool of survey items that include topics related to (1) unit experiences, (2) ratings of leadership, and (3) personal experiences and/or behaviors.

The DOCP requirements (as noted in DoDI 6400.11), specifies that unit commanders may field only one DOCP annually. Based on the DOCP results, commanders, leaders, and their survey administrators will refine the action plans developed after the administration of a DEOCS to positively impact their organization's leadership climate. The survey results are provided to the commander/leader and their survey administrator. Survey responses could also be used in future analyses. Unit commanders and organizational leaders may choose to administer a DOCP 90 days after their most recent DEOCS. The DOCP is a voluntary data collection unit commanders may request. The annual population frame for the DOCP is anticipated to be a share of units/organizations that complete a DEOCS. Specifically, we anticipate a roughly 10% of DEOCS participants to take a DOCP. We estimate that 158,910 participants will complete a DOCP survey annually. Additionally, we anticipate a response rate of around 40% as seen with the DEOCS collection. The DOCP will be a confidential data collection.
