Semiannual Regulatory Agenda

AGENCY: Office of the Secretary, Interior.

ACTION: Semiannual Regulatory Agenda.

SUMMARY: This notice provides the semiannual agenda of Department of the Interior (Department) rules scheduled for review or development between spring 2023 and spring 2024. The Regulatory Flexibility Act and Executive Order 12866 require publication of the agenda.

ADDRESSES: Unless otherwise indicated, all agency contacts are located at the Department of the Interior, 1849 C Street NW, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Please direct all comments and inquiries about these rules to the appropriate agency contact. Please direct general comments relating to the agenda to the Office of Executive Secretariat and Regulatory Affairs, Department of the Interior, at the address above or at (202) 513-0357.

SUPPLEMENTARY INFORMATION: With this publication, the Department satisfies the requirement of Executive Order 12866 that the Department publish an agenda of rules that we have issued or expect to issue and of currently effective rules that we have scheduled for review.

Simultaneously, the Department meets the requirement of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) to publish an agenda in April and October of each year identifying rules that will have significant economic effects on a substantial number of small entities. We have specifically identified in the agenda rules that will have such effects. The complete Unified Agenda will be

published at www.reginfo.gov, in a format that offers users enhanced ability to obtain information from the Agenda database. Agenda information is also available at www.regulations.gov, the government-wide website for submission of comments on proposed regulations.

In some cases, the Department has withdrawn rules that were placed on previous agendas for which there has been no publication activity or for which a proposed or interim rule was published. There is no legal significance to the omission of an item from this agenda. Withdrawal of a rule does not necessarily mean that the Department will not proceed with the rulemaking. Withdrawal allows the Department to assess the action further and determine whether rulemaking is appropriate. Following such an assessment, the Department may determine that certain rules listed as withdrawn under this agenda are appropriate for promulgation.

Bivan R. Patnaik,
Deputy Director of Policy and Regulatory Affairs, Executive Secretariat and Regulatory Affairs.

BUREAU OF SAFETY AND ENVIRONMENTAL ENFORCEMENT—PROPOSED RULE STAGE

Sequence No.	Title	Regulation Identifier No.
110	Revisions to Decommissioning Requirements on the OCS	1014-AA53
111	Outer Continental Shelf Civil Penalties, Surety Bond Requirements When Filing an Appeal	1014-AA57

BUREAU OF SAFETY AND ENVIRONMENTAL ENFORCEMENT—FINAL RULE STAGE

Sequence No.	Title	Regulation Identifier No.
112	Oil and Gas and Sulfur Operations in the Outer Continental Shelf-Blowout Preventer Systems and Well Control Revisions.	1014-AA52

ASSISTANT SECRETARY FOR LAND AND MINERALS MANAGEMENT—COMPLETED ACTIONS

Sequence No.	Title	Regulation Identifier No.
113	Risk Management, Financial Assurance and Loss Prevention—Decommissioning Activities and Obligations.	1082-AA02

DEPARTMENT OF THE INTERIOR (DOI)

Bureau of Safety and Environmental Enforcement (BSEE)

Proposed Rule Stage

110. Revisions to Decommissioning Requirements on the OCS [1014–AA53]

Legal Authority: Outer Continental Shelf Lands Act, 43 U.S.C. 1331 to 1356a

Abstract: This proposed rule would address issues relating to (1) idle iron by adding a definition of this term to clarify that it applies to idle wells and structures on active leases; (2) abandonment in place of subsea infrastructure by adding regulations addressing when BSEE may approve decommissioning-in-place instead of removal of certain subsea equipment; and (3) other operational considerations.

111. Outer Continental Shelf Civil Penalties, Surety Bond Requirements When Filing an Appeal [1014–AA57]

Legal Authority: Outer Continental Shelf Lands Act (OCSLA), 43 U.S.C. 1331 to 1356a

Abstract: This proposed rulemaking would clarify BSEE’s existing regulatory authority under 30 CFR 250.1409, which establishes criteria that must be met before a party may proceed with an

appeal of a civil penalty pursuant to 30 CFR part 290. Before filing an appeal to the Interior Board of Land Appeals (IBLA), an operator must either submit a surety bond to BSEE’s sister agency, BOEM, in the amount of the penalty, or notify BOEM that they want their lease bond to be used as the bond for the penalty amount.

Bureau of Safety and Environmental Enforcement (BSEE)

Final Rule Stage

112. Oil and Gas and Sulfur Operations in the Outer Continental Shelf-Blowout Preventer Systems and Well Control Revisions [1014-AA52]

Legal Authority: Not Yet Determined
Abstract: This rulemaking revises the Bureau of Safety and Environmental Enforcement (BSEE) regulations published in the 2019 final rule entitled "Oil and Gas and Sulfur Operations in the Outer Continental Shelf-Blowout Preventer Systems and Well Control Revisions," 84 FR 21908 (May 15, 2019), for drilling, workover, completion and decommissioning operations. In accordance with Executive Order (E.O.) 13990 (Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis) and the E.O.'s accompanying "President's Fact Sheet: List of Agency Actions for Review," BSEE reviewed the 2019 final rule and is updating to subpart G of 30 CFR part 250 to ensure operations are conducted safely and in an environmentally responsible manner.

Completed Actions

113. Risk Management, Financial Assurance and Loss Prevention—Decommissioning Activities and Obligations [1082-AA02]

Legal Authority: 43 U.S.C. 1334(a)
Abstract: On October 12, 2020, the Bureau of Ocean Energy Management (BOEM) and Bureau of Safety and Environmental Enforcement (BSEE) published the joint proposed rule in the Federal Register (85 FR 65904). BSEE continued to pursue this rulemaking as a BSEE-only final rule to revise policies and procedures concerning compliance with decommissioning obligations for Outer Continental Shelf (OCS) oil and gas. The final rule clarifies and streamline specific regulatory requirements associated with the operational and procedural aspects of applicable decommissioning responsibilities of OCS lessees and grant holders. BOEM will continue to evaluate and develop a comprehensive set of regulations to manage the risks and financial obligations associated with industry activities on the OCS and pursue these actions in a separate rulemaking under RIN 1010-AE14.

RIN: 1018-BF16

115. Migratory Bird Hunting; 2024-25 Migratory Game Bird Hunting Regulations [1018-BG63]

Legal Authority: 16 U.S.C. 703 et seq.; 16 U.S.C. 742a-j

Abstract: This rulemaking action would establish annual hunting regulations for certain migratory game birds. FWS annually prescribes the frameworks, or outside limits, for season lengths, bag limits, and areas for migratory game bird hunting. After these frameworks are established, States and Tribes may select season dates, bag limits, and other regulatory options for their hunting seasons.

National Park Service (NPS)

Final Rule Stage

117. Commercial Visitor Services; Concession Contracts [1024–AE57]

Legal Authority: 54 U.S.C. 101926

Abstract: This final rule will revise regulations that govern the solicitation, award, and administration of

concessions contracts to provide commercial visitor services at NPS units under the authority granted through the Concessions Management Improvement Act of 1998. The changes will reduce administrative burdens and expand sustainable, high quality, and contemporary concessioner-provided visitor services in national parks.

Bureau of Land Management (BLM)

Proposed Rule Stage

119. Conservation and Landscape Health (Section 610 Review) [1004–AE92]

Legal Authority: 43 U.S.C. 1732(a)

Abstract: This final rule will clarify and support the principles of multiple use and sustained yield in the

management of the public lands. This rule would incorporate climate resiliency and restoration through conservation and preservation in the management of the public lands. Under authority provided in the Federal Land Policy and Management Act (FLPMA), including section 102(a)(8) (43 U.S.C. 1701(a)(8)), and other relevant authorities, this rule will incorporate climate resiliency and restoration through conservation, defined as protection and restoration, in the management of the public lands pursuant to the FLPMA. As part of identifying uses and tools to carry out restoration and mitigation activities, the rule will apply land health standards to all renewable resources and identify conservation leases as a tool that BLM will further define, including based on public and stakeholder comments through the NPRM.

This rule rests within 43 CFR 6000, which includes Conservation and Preservation, and would provide an overarching framework governing multiple resource areas to ensure land health and sustained yield. This rule will affirm existing policy direction for restoration and conservation actions in building and maintaining sustainable land management practices to ensure healthy and productive ecosystems for current and future generations.

Final Rule Stage

121. Helium Contracts (Section 610 Review) [1004-AE93]

Legal Authority: 50 U.S.C. 167d (d)(1)

Abstract: In accordance with the Helium Stewardship Act of 2013, the Bureau of Land Management (BLM) is no longer conducting the Federal in-kind program, whereby Federal users purchase helium from third parties who then purchased that same amount of helium from BLM. This final rule will update BLM’s regulations to reflect those changes.

122. • Onshore Oil and Gas Operations—Annual Civil Penalties Inflation Adjustments (Section 610 Review) [1004-AE94]

Legal Authority: Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1734

Abstract: This final rule adjusts the level of civil monetary penalties contained in the BLM’s regulations governing onshore oil and gas operations and coal trespass as required by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015. This annual rule replaces the previously issued amounts with the updated amounts after using the inflation adjustment multiplier provided by the Office of Management and Budget.
