ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2023-0309; FRL-9347-05-OCSPP]

Letter Peer Review; White Paper: Quantitative Human Health Approach To Be Applied in the Risk Evaluation for Asbestos Part 2; Notice of Availability and Request for Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is announcing the availability of and soliciting public comment on the document entitled: "White Paper: Quantitative Human Health Approach to be Applied in the Risk Evaluation for Asbestos Part 2—Supplemental Evaluation including Legacy Uses and Associated Disposals of Asbestos" and related charge questions. EPA will be soliciting comments from expert *ad hoc* reviewers on the quantitative approach described in this white paper. The white paper describes the systematic review considerations and criteria for identifying studies for dose-response analysis; includes an evaluation and comparison of existing cancer IURs and the non-cancer point of departure (POD) with the results of the new systematic review; and a proposal for a cancer IUR and non-cancer POD for use in the Part 2 risk evaluation for asbestos. In addition to the final charge questions

and white paper, public comments received by the date specified in this document will be provided to the peer reviewers for consideration. The letter peer review is expected to begin October 25, 2023, and end November 24, 2023. Feedback from the letter peer review will be considered by EPA in the development of the Part 2 risk evaluation for asbestos, a draft of which will be released subsequently, along with a separate response document.

DATES: Comments must be received on or before October 2, 2023.

ADDRESSES: Submit written comments, identified by docket identification (ID) number EPA-HQ-OPPT-2023-0309, through <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional information on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

Contact the Peer Review Leader (PRL), Tamue Gibson, Mission Support Division, Office of Program Support, Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency; telephone number: (202) 564-7642 or call the main office number: (202) 564-8450; email address: gibson.tamue@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. What action is the Agency taking?

EPA is announcing the availability of and soliciting public comment on the document entitled: "Quantitative Approach to the Human Health Assessment for the Risk Evaluation for Asbestos Part 2: Supplemental Evaluation including Legacy Uses and Associated Disposals of Asbestos."

B. What is the Agency's authority for taking this action?

Section 6(b) of the Toxic Substances Control Act (TSCA) (15 U.S.C. 2605(b)), requires that EPA conduct risk evaluations on existing chemical substances and identifies the minimum components EPA must include in all chemical substance risk evaluations. The risk evaluation must not consider costs or other non-risk factors (15 U.S.C. 2605(b)(4)(F)(iii)). The specific risk evaluation process is set out in 40 CFR part 702 and summarized on EPA's website at <https://www.epa.gov/>

assessing-and-managing-chemicals-under-tsca/risk-evaluations-existing-chemicals-under-tsca.

C. Does this action apply to me?

This action is directed to the public in general. This action may, however, be of interest to those involved in the manufacture, processing, distribution, and disposal of chemical substances and mixtures, and/or those interested in the assessment of risks involving chemical substances regulated under TSCA. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

D. What should I consider as I submit my comments to EPA?

1. Submitting Confidential Business Information (CBI).

Do not submit CBI or other sensitive information to EPA through <https://www.regulations.gov> or email. If your comments contain any information that you consider to be CBI or otherwise protected, please contact the PRL listed under **FOR FURTHER INFORMATION CONTACT** to obtain special instructions before submitting that information.

2. Tips for preparing comments.

When preparing and submitting your comments, see Tips for Effective Comments at <https://www.epa.gov/dockets>.

III. Request for Comment

EPA is seeking public comment on both the white paper and the draft charge questions for the letter peer review. Both documents are available in EPA Docket ID No. EPA-HQ-OPPT-2023-0309 at <https://www.regulations.gov> and may also be accessed through EPA's website at <https://www.epa.gov/tsca-peer-review>. As additional background materials become available, EPA will include those additional background documents (e.g., reviewers participating in this letter peer review) in the docket and on the website.

III. Letter Peer Review

A. What is the purpose of this Letter Peer Review?

The focus of this Letter Peer Review is to review the quantitative approach to assessing cancer and non-cancer human health hazards. Feedback from this review will be considered in the development of Part 2 of the risk evaluation for asbestos.

B. Why did EPA develop these documents?

Asbestos was identified as one of the first 10 chemicals for risk evaluation
