

the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for companies subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 2.66 percent, the all-others rate established in the less-than-fair-value investigation.¹⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(h)(2), and 19 CFR 351.221(b)(4).

Dated: July 28, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

[RTID 0648-XD223]

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's (Council) Ecosystem and Ocean Planning (EOP) Committee and Advisory Panel (AP) will hold a joint meeting. See **SUPPLEMENTARY INFORMATION** for agenda details.

DATES: The meeting will be held on Tuesday, August 22, 2023, from 9 a.m. through 11 a.m.

ADDRESSES: The meeting will take place over webinar with a telephone-only connection option. Details on how to connect to the meeting will be available at: www.mafmc.org.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331; website: www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: During this meeting, the EOP Committee and AP will resume their comprehensive review of the Council's Ecosystem Approach to the Fisheries Management (EAFM) risk assessment. This meeting is a continuation of the July 7, 2023, EOP meeting where the Committee and AP will finish providing input on the remaining draft risk elements, definitions, and indicators that may be included in an updated risk assessment. The EOP Committee and AP will continue their review later this summer with an updated risk assessment for Council review and consideration in the fall of 2023.

A detailed agenda and background documents will be made available on the Council's website (www.mafmc.org) prior to the meeting.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to Shelley Spedden, (302) 526-5251, at least 5 days prior to the meeting date.

Dated: August 1, 2023.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[RTID 0648-XD213]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Highly Migratory Species Advisory Subpanel (HMSAS) is holding an online meeting, which is open to the public.

DATES: The online meeting will be held Wednesday, August 23, 2023, from 1 p.m. to 4:30 p.m., Pacific Daylight Time.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov) or contact him at (503) 820-2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Kit Dahl, Staff Officer, Pacific Council; telephone: (503) 820-2422.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is to familiarize the HMSAS with relevant topics to be taken up at the September 2023 Pacific Council meeting and begin considering the contents of reports the HMSAS may wish to submit to the Council. The HMSAS also may discuss a joint meeting with the HMS Management Team coincident with the September Council meeting to plan a workshop on West Coast swordfish fisheries and transition of the California drift gillnet fishery. An agenda for the HMSAS meeting will be posted on the Council's website at least one week prior to the meeting.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov; ((503) 820-2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 1, 2023.

[RTID 0648-XD172]

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Phase II of the Richmond-San Rafael Bridge Restoration Project

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued an incidental harassment authorization (IHA) to the California Department of Transportation (Caltrans) to incidentally harass marine mammals during construction activities associated with the Richmond-San Rafael Bridge Restoration project in Richmond, CA.

DATES: This authorization is effective from August 1, 2023 through March 30, 2024.

ADDRESSES: Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/action/incidental-take-authorization-california-department-transportations-richmond-san-rafael>. In case of problems accessing these documents, please call the contact listed below.

FOR FURTHER INFORMATION CONTACT: Craig Cockrell, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the "take" of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed IHA is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the

taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other "means of effecting the least practicable adverse impact" on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for taking for certain subsistence uses (referred to in shorthand as "mitigation"); and requirements pertaining to the mitigation, monitoring and reporting of the takings are set forth. The definitions of all applicable MMPA statutory terms cited above are included in the relevant sections below.

Summary of Request

On December 28, 2022, NMFS received a request from Caltrans for an IHA to take marine mammals incidental to construction activities to restore portions of the Richmond-San Rafael Bridge. Following NMFS' review of the application, Caltrans submitted a revised version on April 14, 2023, which was deemed adequate and complete on May 11, 2023. Caltrans' request is for take of harbor seals (*Phoca vitulina*) by Level B harassment only. Neither Caltrans nor NMFS expect serious injury or mortality to result from this activity and, therefore, an IHA is appropriate. There are no changes from the proposed authorization to the final authorization.

Description of the Specified Activity

Overview

Caltrans will conduct construction activities to restore a portion of the Richmond-San Rafael Bridge. Prior to restoration work Caltrans will install a debris containment system to ensure contaminants from construction are not deposited into San Francisco Bay. During the deployment and retrieval of the containment system disturbance (*i.e.*, Level B harassment) of harbor seals may occur. Once the debris containment system is deployed the restoration work on the bridge is not expected to result in any takes of marine mammals, as the containment system is expected to shield seals from disturbance as a result of visual and acoustic stimuli. Takes of harbor seals will occur at the nearby Castro Rocks haulout. The Richmond-San Rafael Bridge is located in the northern portion of San Francisco Bay and is located between Richmond, CA and San Rafael, CA. The debris
