

Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” prior to any FAA final regulatory action.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would amend Class D and Class E airspace in Lynchburg, VA. An airspace evaluation determined that this update is necessary to support IFR operations in the area.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only once if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives and a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting

on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edits, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during regular business hours at the office of the Eastern Service Center, Federal Aviation Administration, Room 210, 1701 Columbia Ave., College Park, GA 30337.

Incorporation by Reference

Class D and Class E airspace designations are published in Paragraphs 5000, 6002, and 6004 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 annually. This document proposes to amend the current version of that order, FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022. These updates would subsequently be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11G is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA proposes an amendment to 14 CFR part 71 to amend Class D airspace and Class E surface airspace by:

- Updating the airport name to Lynchburg Regional Airport/Preston Glenn Field (previously Lynchburg Regional-Preston Glenn Field Airport).
 - Increasing the radius to 4.6 miles (previously 4.5 miles).
 - Removing the city name from the airport header.
 - Removing the state name from the Falwell Airport header.
 - Replacing the terms Notice to Airmen with Notice to Air Missions and Airport/Facility Directory with Chart Supplement.
 - Removing the Lynchburg VORTAC from the description, as it is unnecessary in describing the airspace.
- The FAA proposes an amendment to 14 CFR part 71 to amend Class E airspace designated as an extension to a Class D surface area by:
 - Updating the airport name to Lynchburg Regional Airport/Preston Glenn Field
 - Removing the Lynchburg VORTAC from the description is unnecessary in describing the airspace.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” prior to any FAA final regulatory action.

BILLING CODE 4910-13-P

FEDERAL TRADE COMMISSION

16 CFR Parts 801 and 803

RIN 3084-AB46

Premerger Notification; Reporting and Waiting Period Requirements

AGENCY: Federal Trade Commission.

ACTION: Notice of proposed rulemaking; extension of comment period.

SUMMARY: The Federal Trade Commission (“FTC” or “Commission”) is extending the deadline for filing comments on its notice of proposed rulemaking (“NPRM”) regarding the Premerger Notification; Reporting and Waiting Period Requirements.

DATES: For the NPRM published in the **Federal Register** on June 27, 2023 (88 FR 42178), the comment deadline is extended from August 28, 2023, to September 27, 2023.

ADDRESSES: Interested parties may file a comment online or on paper by following the instructions in the Request for Comment part of the **SUPPLEMENTARY INFORMATION** section below. Write “16 CFR parts 801–803—Hart-Scott-Rodino Coverage, Exemption, and Transmittal Rules, Project No. P239300” on your comment, and file your comment online at <https://www.regulations.gov>, by following the instructions on the web-based form. If you prefer to file your comment on paper, mail your comment to the following address: Federal Trade Commission, Office of the Secretary, 600 Pennsylvania Avenue NW, Suite CC-5610, (Annex H), Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT: Robert L. Jones, Assistant Director, Premerger Notification Office, Bureau of Competition, Federal Trade Commission, 400 7th Street SW, Room CC-5301, Washington, DC 20024.

SUPPLEMENTARY INFORMATION:

I. Comment Period Extension

On June 27, 2023, the Commission announced and made public its notice of proposed rulemaking regarding the Hart-Scott-Rodino Coverage, Exemption, and Transmittal Rules (“HSR Form Change”), including its request for public comment on all aspects of the proposed rule. The NPRM was subsequently published in the **Federal Register**, with August 28, 2023, established as the deadline for the submission of comments. See 88 FR 42178 (June 29, 2023).

Interested parties have requested an extension of the public comment period to give them additional time to respond to the NPRM’s request for comment. While the Commission believes that the current 60-day period—which is 62 days after public release of the notice of proposed rulemaking—is sufficient for meaningful comment and public participation, the Commission agrees to allow the public additional time to prepare and file comments. The Commission therefore extends the comment period to September 27, 2023, to provide commenters a total of 92 days from the public release of the NPRM on June 27, 2023. This is a 30-day extension of the 60-day comment period from publication in the **Federal Register** on June 29, 2023.

II. Request for Comment

You can file a comment online or on paper. For the Commission to consider your comment, we must receive it on or before September 27, 2023. Write “16 CFR parts 801–803—Hart-Scott-Rodino Coverage, Exemption, and Transmittal Rules, Project No. P239300” on your comment. Your comment—including your name and your state—will be placed on the public record of this proceeding, including, to the extent practicable, on the <https://www.regulations.gov> website.

Because of the agency’s security screening, postal mail addressed to the Commission will be subject to delay. We strongly encourage you to submit your comment online through <https://www.regulations.gov>. To ensure the Commission considers your online comment, please follow the instructions on the web-based form.

If you file your comment on paper, write “16 CFR parts 801–803—Hart-Scott-Rodino Coverage, Exemption, and Transmittal Rules, Project No. P239300” on your comment and on the envelope, and mail your comment to the following address: Federal Trade Commission, Office of the Secretary, 600 Pennsylvania Avenue NW, Suite CC-5610, (Annex H), Washington, DC

20580. If possible, please submit your paper comment to the Commission by overnight service.

Because your comment will be placed on the publicly accessible website, <https://www.regulations.gov>, you are solely responsible for making sure that your comment does not include any sensitive or confidential information. In particular, your comment should not contain sensitive personal information, such as your or anyone else’s Social Security number; date of birth; driver’s license number or other state identification number or foreign country equivalent; passport number; financial account number; or credit or debit card number. You are also responsible for making sure your comment does not include any sensitive health information, such as medical records or other individually identifiable health information. In addition, your comment should not include any “trade secret or any commercial or financial information which . . . is privileged or confidential,”—as provided in Section 6(f) of the FTC Act, 15 U.S.C. 46(f), and FTC Rule 4.10(a)(2), 16 CFR 4.10(a)(2)—including, in particular, competitively sensitive information such as costs, sales statistics, inventories, formulas, patterns, devices, manufacturing processes, or customer names.

Comments containing material for which confidential treatment is requested must be filed in paper form, must be clearly labeled “Confidential,” and must comply with FTC Rule 4.9(c), 16 CFR 4.9(c). The written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(b). Your comment will be kept confidential only if the General Counsel grants your request in accordance with the law and the public interest. Once your comment has been posted publicly at <https://www.regulations.gov>—as legally required by FTC Rule 4.9(b), 16 CFR 4.9(b)—we cannot redact or remove your comment, unless you submit a confidentiality request that meets the requirements for such treatment under FTC Rule 4.9(c), 16 CFR 4.9(c), and the General Counsel grants that request.

Visit the Commission’s website, www.ftc.gov, to read this publication and the news release describing it. The FTC Act and other laws that the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. The Commission will consider all timely and responsive public comments that it receives on or
