

represent a small percentage (approximately 8.3%) of the Nasdaq Board.

The Exchange also notes that the proposed rule change is substantially similar to prior proposals by the Exchange or its affiliated SROs related to Nasdaq stockholders' agreements that gave similar rights to recommend Nasdaq Board designees.⁹ As such, the Exchange does not believe that its proposal raises any new or novel issues not already considered by the Commission.

B. Self-Regulatory Organization's Statement on Burden on Competition

Because the proposed rule change is related solely to Thoma Bravo's right to nominate the Board Designee to the Nasdaq Board pursuant to the Stockholders' Agreement and not to the operations of the Exchange, the Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A)(iii) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the

A proposed rule change filed under Rule 19b-4(f)(6)¹² of the Act normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii).¹⁴ The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest as the proposal raises no new or novel issues. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-516, OMB Control No. 3235-0574]

Submission for OMB Review; Comment Request; Extension: Rule 3a-8

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the

¹⁶ 17 CFR 200.30-3(a)(12).

Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Title 17 section 270.3a–8 (rule 3a–8 of the Investment Company Act of 1940 (15 U.S.C. 80a) (the “Act”)), serves as a nonexclusive safe harbor from investment company status for certain research and development companies (“R&D companies”).

The rule requires that the board of directors of an R&D company seeking to rely on the safe harbor adopt an appropriate resolution evidencing that the company is primarily engaged in a non-investment business and record that resolution contemporaneously in its minute books or comparable documents.¹ An R&D company seeking to rely on the safe harbor must retain these records only as long as such records must be maintained in accordance with state law.

Rule 3a–8 contains an additional requirement that is also a collection of information within the meaning of the PRA. The board of directors of a company that relies on the safe harbor under rule 3a–8 must adopt a written policy with respect to the company’s capital preservation investments. We expect that the board of directors will base its decision to adopt the resolution discussed above, in part, on investment guidelines that the company will follow to ensure its investment portfolio is in compliance with the rule’s requirements.

The collection of information imposed by rule 3a–8 is voluntary because the rule is an exemptive safe harbor, and therefore, R&D companies may choose whether or not to rely on it. The purposes of the information collection requirements in rule 3a–8 are to ensure that: (i) the board of directors of an R&D company is involved in determining whether the company should be considered an investment company and subject to regulation under the Act, and (ii) adequate records are available for Commission review, if necessary. Rule 3a–8 would not require the reporting of any information or the filing of any documents with the Commission.

Commission staff estimates that there is no annual recordkeeping burden associated with the rule’s requirements. Nevertheless, the Commission requests authorization to maintain an inventory of one burden hour for administrative purposes.

Commission staff estimates that approximately 537,619 R&D companies

may take advantage of rule 3a–8.² Given that the board resolutions and investment guidelines will generally need to be adopted only once (unless relevant circumstances change),³ the Commission believes that all the R&D companies that existed prior to the adoption of rule 3a–8 adopted their board resolutions and established written investment guidelines in 2003 when the rule was adopted. We expect that R&D companies formed subsequent to the adoption of rule 3a–8 would adopt the board resolution and investment guidelines simultaneously with their formation documents in the ordinary course of business.⁴ Therefore, we estimate that rule 3a–8 does not impose additional burdens.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

The public may view background documentation for this information collection at the following website: www.reginfo.gov. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice by September 13, 2023 to

³ In the event of changed circumstances, the Commission believes that the board resolution and investment guidelines will be amended and recorded in the ordinary course of business and would not create additional time burdens.

⁴ In order for these companies to raise sufficient capital to fund their product development stage, Commission staff believes that they will need to present potential investors with investment guidelines. Investors generally want to be assured that the company’s funds are invested consistent with the goals of capital preservation and liquidity.
