II. Background Information and Regulatory History

The Captain of the Port New York (COTP) is establishing, amending, and updating annual and recurring swim events and fireworks safety zones codified in 33 CFR 165.160 in Tables 1 and 2, for the COTP zone.

On May 4, 2023, the Coast Guard published a notice of proposed rulemaking (NPRM) titled “Safety Zones; Recurring Fireworks Displays and Swim Events in Coast Guard Sector New York Zone” (88 FR 28444). There we stated why we issued the NPRM and invited comments on our proposed regulatory action related to this rule. During the comment period that ended June 5, 2023, we received two comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Six firework displays are scheduled to occur in June. Delaying the effective date of this rule would be impracticable because the absence of a safety zone around barge-based fireworks displays within the COTP
