National Institute of Food and Agriculture

Title: Small Business Innovation Research (SBIR) Funding Agreement Certificates.

OMB Control Number: 0524—New.
Summary of Collection: The Small Business Innovation Research (SBIR)/ Small Business Technology Transfer (STTR) programs at the U.S. Department of Agriculture (USDA) make competitively awarded grants to qualified small businesses to support high quality, advanced concepts research related to important scientific problems and opportunities in agriculture that could lead to significant public benefit if successful.

The USDA SBIR/STTR Programs are administered by the National Institute of Food and Agriculture (NIFA). NIFA oversees the policies and procedures governing SBIR/STTR grants awarded to the U.S. small business community, representing approximately 3.2% of the USDA extramural R/R&D budget. This represents approximately \$140M in Phase II grants awarded to the U.S. small business community from 2012 to 2020. In 1982, the Small Business Innovation Research (SBIR) Grants Program was authorized, Public Law 97–219, and in 2022, the SBIR and STTR Extension Act of 2022 reauthorized the SBIR and Small Business Technology Transfer (STTR) programs through September 30, 2025.

Need and Use of the Information: The Funding Certification form is used by USDA to ensure small business concerns meet specific eligibility requirements for an SBIR/STTR award. The form asks applicants to certify a series of ten statements in order to ensure the grantee is complying with specific program requirements during the life of the funding agreement. Information collected includes program participant certifications regarding: the awardee meets ownership, control, size, and organization requirements; U.S. citizen or permanent resident alien status is met; all statements made within forms and documents are true and correct; all certifications are continuing in nature; agreement of no misrepresentation of small business status; the signatory on the form is an authorized representative of the awardee.

If NIFA were unable to collect this data, then the USDA SBIR/STTR program would be unable to comply with the Small Business Administration program and reporting requirements that apply to all SBIR and STTR awardees to ensure program requirements are being met during the life of the Funding Agreement.

Description of Respondents: Individuals.

Number of Respondents: 115.

Frequency of Responses: Reporting: On occasion.
