Regulatory Analysis

*Review Under Executive Order 12866,
Regulatory Planning and Review, 58 FR
51735; Executive Order 13563,
Improving Regulation and Regulation
Review, 76 FR 23821; and Executive
Order 14094 Modernizing Regulatory
Review, 88 FR 21879.*

The Office of Management and Budget
(OMB) has reviewed this rulemaking
and determined it is not “significant”
under section 3(f) of Executive Order
12866. It is not significant because it
consists of administrative and minor
revisions, involves agency organization
and management, does not change
substantive requirements, and imposes
no costs on the public.

*Review Under the Regulatory Flexibility
Act (5 U.S.C. 601, et seq.)*

This review requires an agency to
prepare an initial regulatory flexibility
analysis and publish it when the agency
publishes the proposed rule. This
requirement does not apply if the
agency certifies that the rulemaking will
not, if promulgated, have a significant
economic impact on a substantial
number of small entities (5 U.S.C. 603).
We certify, after review and analysis,
that this rulemaking will not have a
significant adverse economic impact on
small entities.

*Review Under the Paperwork Reduction
Act of 1995 (44 U.S.C. 3501 et seq.)*

This rulemaking does not impose
additional information collection
requirements on the public that are
subject to the Paperwork Reduction Act.

*Review Under Executive Order 13132,
Federalism, 64 FR 43255*

Review under Executive Order 13132
requires that agencies review
regulations for federalism effects on the

institutional interest of states and local
governments, and, if the effects are
sufficiently substantial, prepare a
Federal assessment to assist senior
policy makers. This rulemaking will not
have any effects on state and local
governments within the meaning of the
Executive order. Therefore, no
federalism assessment is required.

*Review Under the Unfunded Mandates
Reform Act (Sec. 202, Pub. L. 104–4; 2
U.S.C. 1532)*

Review under the Unfunded
Mandates Reform Act requires that
agencies determine whether any Federal
mandate in the rulemaking may result
in state, local, and tribal governments,
in the aggregate, or the private sector,
expending \$100 million in any one year.
NARA certifies that this rulemaking
does not contain a Federal mandate that
may result in such an expenditure, and
this rulemaking is therefore not subject
to this requirement.

The petition also proposed to remove established tolerances for residues of spinosad in or on the following: Asparagus, and Spice, subgroup 19B, except black pepper.

That document referenced a summary of the petition, which is available in the docket, <https://www.regulations.gov>. There were no comments received in response to the proposed rule.

III. Aggregate Risk Assessment and Determination of Safety

Section 408(b)(2)(A)(i) of FFDCA allows EPA to establish a tolerance (the legal limit for a pesticide chemical residue in or on a food) only if EPA determines that the tolerance is "safe." Section 408(b)(2)(A)(ii) of FFDCA defines "safe" to mean that "there is a reasonable certainty that no harm will result from aggregate exposure to the
