

Human remains representing, at minimum, two individuals were collected at the University of New Mexico in Bernalillo County, NM. The human remains are hair clippings collected from two individuals who were recorded as being 16 years old and identified as “Jemez.” Clyde Kay Maben Kluckhohn took the hair clippings at the University of New Mexico between 1930 and 1933. Kluckhohn sent the hair clippings to George Woodbury, who donated the hair clippings to the PMAE in 1935. No associated funerary objects are present.

#### Cultural Affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: kinship and anthropological.

#### Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate lineal descendants, Indian Tribes, and Native Hawaiian organizations, the PMAE has determined that:

- The human remains described in this notice represent the physical remains of 20 individuals of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Pueblo of Jemez, New Mexico.

#### Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after September 27, 2023. If competing requests for repatriation are received, the PMAE must determine the most appropriate requestor prior to

repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The PMAE is responsible for sending a copy of this notice to the Indian Tribe identified in this notice.

### Notice of Inventory Completion: California State University, Sacramento, Sacramento, CA

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), California State University, Sacramento has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice. The human remains and associated funerary objects were removed from Sacramento County, CA.

**DATES:** Repatriation of the human remains and associated funerary objects in this notice may occur on or after September 27, 2023.

**ADDRESSES:** Dr. Dianne Hyson, Dean of the College of Social Sciences and Interdisciplinary Studies, California State University, Sacramento, 6000 J Street, Sacramento, CA 95819, telephone (916) 278-6504, email [dhyson@csus.edu](mailto:dhyson@csus.edu).

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of California State University, Sacramento. The National Park Service is not responsible for the determinations in this notice. Additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records held by California State University, Sacramento.

### Description

In 1984 and 1994, human remains representing, at minimum, eight individuals were removed from site CA-SAC-42 (also known as Souza Mound) in Sacramento County, CA, by Peak & Associates and Far Western Anthropological Research Group. Occupation of this site is estimated to have occurred during the Middle and Late Periods. In 1995 and 1998, Far Western Anthropological Research Group and the City of Sacramento donated collections from these excavations to California State University, Sacramento. No human remains were thought to be present in either donation. In 2011, during analysis of the faunal material, these human remains were discovered. The 18,006 associated funerary objects include baked clay objects; flaked and ground stones; floral and faunal remains; historic materials; modified bones, stones, and shells; unmodified stones; soil samples; and column samples.

### Cultural Affiliation

The human remains and associated funerary objects in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: anthropological, archeological, folkloric, geographical,

historical, kinship, linguistic, oral traditional, and expert opinion.

### Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, California State University, Sacramento has determined that:

- The human remains described in this notice represent the physical remains of eight individuals of Native American ancestry.
- The 18,006 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the Buena Vista Rancheria of Me-Wuk Indians of California; Chicken Ranch Rancheria of Me-Wuk Indians of California; Lone Band of Miwok Indians of California; Jackson Band of Miwok Indians; Shingle Springs Band of Miwok Indians, Shingle Springs Rancheria (Verona Tract), California; United Auburn Indian Community of the Auburn Rancheria of California; and the Wilton Rancheria, California.

### Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after September 27, 2023. If competing requests for repatriation are received, California State University, Sacramento must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. California State
