

Nasdaq Closing Cross, due to the fact that the Rule text provides that pegging is only available during market hours. It is also consistent with the Act to maintain its existing practice for Fixed Midpoint Orders, in the same scenario, of deactivating the Pegging Attribute during extended hours trading.

Although the proposal will create disparate treatment of Managed Peg Orders and Fixed Midpoint Orders, the Exchange intends to eliminate this disparity over time by providing for Fixed Midpoint Orders to behave in the same way as Managed Peg Orders. Until that occurs, maintaining existing practice for Fixed Midpoint Orders is consistent with the Rule.

Finally, it is consistent with the Act to amend Rule 4703(h) to delete qualifying language which erroneously suggests that Non-Displayed Orders with Reserve are only non-displayed when such Orders have a TIF of IOC. Investors and the public have an interest in the Exchange maintaining a Rulebook that is accurate.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposals merely delay completion of its implementation of SR-Nasdaq-2022-051 as well as address inconsistencies between Rule text and System behavior that became apparent during the course of this implementation. The Exchange neither intends nor perceives that these rule changes will have any impact on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act²⁰ and Rule 19b-4(f)(6) thereunder.²¹ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which

it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²² and Rule 19b-4(f)(6)(iii) thereunder.²³

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²⁴ of the Act to determine whether the proposed rule change should be approved or disapproved.

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange.
