

Northern Mariana Islands bottomfish fishery (only vessels longer than 40 feet) must allow NOAA to install VMS units on their vessels when directed by OLE personnel. VMS units automatically send periodic reports on the position of the vessel to OLE. NOAA uses the reports to monitor the vessel's location and activities, primarily to enforce regulated fishing areas. NOAA pays for all costs related to the VMS systems for the aforementioned fisheries. There is no public burden for the automatic messaging; however, VMS installation and maintenance are considered public burdens.

Aside from updates to the burden estimates, there are no changes to the collection.

II. Method of Collection

Automatic electronic submission via satellite.

III. Data

OMB Control Number: 0648–0441.
Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Business or other for-profit organizations; individuals or households.

Estimated Number of Respondents: 69.

Estimated Time per Response: 4 hours for installation of a VMS unit; 2 hours for VMS unit replacement, and 1.5 hours for annual maintenance.

Estimated Total Annual Burden Hours: 131.

Estimated Total Annual Cost to Public: \$0 in VMS system installation and maintenance, recordkeeping, or reporting costs.

Respondent's Obligation: Mandatory.

Legal Authority: 50 CFR 665.19.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of

public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XD272]

Adjustment of Fees for Seafood Inspection Services

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of fee schedule for seafood inspection services.

SUMMARY: The NMFS Seafood Inspection Program is notifying program participants that its fee schedule for fiscal year 2024 will remain as established on November 1, 2022.

DATES: The fee schedule applies to services rendered as of October 1, 2023, until notified otherwise.

FOR FURTHER INFORMATION CONTACT: Steven Wilson, Office of International Affairs, Trade, and Commerce, 301–427–8350 or at steven.wilson@noaa.gov.

SUPPLEMENTARY INFORMATION: The National Marine Fisheries Service (NMFS) operates a fee-for-service Seafood Inspection Program (Program) under the authorities of the Agricultural Marketing Act of 1946, as amended, the Fish and Wildlife Act of 1956, and the Reorganization Plan No. 4 of 1970. The regulations implementing the Program are contained in 50 CFR parts 260 and 261. The Program offers inspection, grading, and certification services, including the use of official quality grade marks which indicate that specific products have been federally inspected. Those wishing to participate in the program must request the services and

submit specific compliance information. Since 1992, NMFS implemented inspection services based on guidelines recommended by the National Academy of Sciences, known as Hazard Analysis Critical Control Point (HACCP).

Under the implementing regulations for the Program, fees are reviewed at least annually to ascertain that the hourly fees charged are adequate to recover the costs of the services rendered. Any necessary adjustments to fees are made in accordance with the requirements of 50 CFR 260.81 and are notified to program participants as stipulated at 50 CFR 260.70. This **Federal Register** notice serves to inform program participants of the fee schedule, which remains unchanged.

Seafood Inspection Program (SIP) costs used for the calculation of user fees include all relevant direct and indirect costs to the program, and applicable administrative overhead and surcharges. SIP fees must be set to promote full cost recovery of the program absent other appropriations.

Program costs include all field operations, program administrative overhead, and management, and include expenses for labor for inspectors, facilities, information technology infrastructure, and other operational costs. SIP fees are set to recover those costs based on revenue projections from expected billable service hours and the number of certificates requests. Forecasts of demand for services use historical data on actual billed services that are adjusted annually for inflation, known events that might affect the predicted output of billable services, and seasonality of when forecasted services will take place throughout the year.

NMFS will assess its fees as outlined in this notice, which will apply until notified otherwise. Fees will be charged to contract and non-contract customers requesting services as listed below. The cost of other applicable services rendered will be recovered through fee collection using the base rate of \$238 per hour.

Fees and Charges for the U.S. Department of Commerce (USDC) Seafood Inspection Program

The per hour fees and charges for fishery products inspection services are not being revised and will remain as established on November 1, 2022 for Fiscal Year 2024 and will be assessed as follows. Any travel associated with a billable service will be an additional charge.

Contract Rates

Regular Time: Services provided during any 8-hour shift.

Overtime: Services provided outside the inspector's normal work schedule.

In addition to any hourly service charge, a night differential fee equal to 10 percent of the employee's hourly salary will be charged for each hour of service provided after 6:00 p.m. and before 6:00 a.m. A guarantee of payment is required for all contracts equal to three months of service or \$10,000, whichever is greater.

Non-Contract Rates

Regular time: Services provided within the inspector's normal work schedule, Monday through Friday.

Overtime: Services provided outside the inspector's normal work schedule.

Any services under contract in excess of the contracted hours will be charged at the non-contract rate.

Contract Rates**Non-HACCP Contracts**

REGULAR TIME \$238
OVERTIME \$357
SUNDAY & HOLIDAYS \$476

HACCP/QMP Contracts

HACCP REGULAR \$238
HACCP OVERTIME \$357
HACCP SUNDAY & HOLIDAYS \$476

All Non-Contract Work Rates

REGULAR TIME \$357
OVERTIME \$536
SUNDAY & HOLIDAYS \$714

Certificates

All certificate requests, whether or not a product inspection was conducted, will be billed at a set flat rate of \$97 per request.

Additional information about, and applications for, Program services and fees may be obtained from NMFS (see **FOR FURTHER INFORMATION CONTACT**).

Dated: August 28, 2023.

Alexa Cole,

Director, Office of International Affairs, Trade, and Commerce, National Marine Fisheries Service.

BILLING CODE 6351-01-P

DEPARTMENT OF DEFENSE**Office of the Secretary**

[Docket ID: DoD-2023-OS-0075]

Privacy Act of 1974; System of Records

AGENCY: Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the DoD is establishing a new Department-wide system of records titled, "Information Technology Access and Audit Records," DoD-0019. This system of records covers DoD's maintenance of records related to requests for user access, attempts to access, granting of access, records of user actions for DoD information technology (IT) systems, and user agreements. This includes details of programs, databases, functions, and sites accessed and/or used, and the information products created, received, or altered during the use of IT systems. This new system of records will be included in the DoD's inventory of record systems.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before October 2, 2023. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Attn: Mailbox 24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Rahwa Keleta, Privacy and Civil Liberties Division, Directorate for Privacy, Civil Liberties, and Freedom of Information, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Department of Defense, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700; OSD.DPCLTD@mail.mil; (703) 571-0070.

SUPPLEMENTARY INFORMATION:**I. Background**

DoD is establishing "Information Technology Access and Audit Records (ITAAAR)", DoD-0019, as a DoD-wide Privacy Act system of records. A DoD-wide System of Records Notice (SORN) supports multiple DoD paper or electronic recordkeeping systems operated by more than one DoD component that maintain the same kind of information about individuals for the same purpose. Establishment of DoD-wide SORNs helps DoD standardize the rules governing the collection, maintenance, use, and sharing of personal information in key areas across the enterprise. DoD-wide SORNs also reduce duplicative and overlapping SORNs published by separate DoD components. The creation of DoD-wide SORNs is expected to make locating relevant SORNs easier for DoD personnel and the public, and create efficiencies in the operation of the DoD privacy program.

The purpose of this system is to control and track individual user access to and activity on networks, computer systems, applications, databases, or other digital technologies controlled by DoD Offices and Components. DoD may use the records in this system to investigate potential or alleged improper use or other improper activity by a system user, which may be a DoD employee, contractor, or other individual. Records from this system may be shared with or used by the appropriate investigative or cybersecurity organizations within the Office or Component with which the individual user is affiliated, other DoD
