

vehicle owners and a free remedy. *See* 49 U.S.C. 30118–20. That does not excuse ARC—the manufacturer and designer of the inflators—from complying with its own obligations under the Safety Act and regulations.

To address the risk that additional vehicle occupants will be killed and injured from these rupturing inflators, the agency has made this initial determination that the subject hybrid, toroidal inflators designed by ARC and manufactured by ARC and Delphi from 2000 through January 2018 are defective and pose an unreasonable risk of death or injury, and therefore should be recalled.

Pursuant to the Safety Act, NHTSA may make a final decision “only after giving the manufacturer[s] an opportunity to present information, views, and arguments showing that there is no defect or noncompliance or that the defect does not affect motor vehicle safety. Any interested person also shall be given an opportunity to present information, views, and arguments.” 49 U.S.C. 30118(b)(1). If NHTSA makes a final decision that the subject inflators contain a safety defect, NHTSA will order ARC to comply with the obligation to file notice of the safety defect with the agency¹⁸ and will order the vehicle manufacturers to carry out recalls by providing notice and a free remedy. *See id.* § 30118(b)(2).

H. Public Meeting

Pursuant to 49 U.S.C. 30118(b)(1) and 49 CFR 554.10(b), NHTSA will conduct a public meeting, beginning at 9:30 a.m., October 5, 2023, in the West Atrium, U.S. Department of Transportation Building, 1200 New Jersey Avenue SE, Washington, DC, at which time ARC, the manufacturers that used the subject inflators in their vehicles, and other interested persons will have an opportunity to present information, views, and arguments on the issue of whether the subject inflators contain a safety defect. A transcript of the public meeting will be taken.

The public meeting will also be livestreamed on NHTSA’s website. The livestream will allow viewing only.

Interested persons are invited to participate in this proceeding through written and/or oral statements. Written submissions must be submitted with the docket number identified in the heading of this document through the Federal eRulemaking Portal, mail, hand delivery, or fax as outlined above before

the close of business on Friday, October 20, 2023.

Persons wishing to attend the public meeting or make oral statements must register at <https://www.nhtsa.gov/events/public-meeting-arc-delphi-air-bag-inflators> before the close of business on September 22, 2023. Each person wishing to attend must provide his or her name, organization, and country of citizenship. Non-U.S. citizens must also provide date of birth, title or position, and passport or diplomatic ID number, along with expiration date. Media is invited to attend in-person or watch the event’s livestream. Members of the media should register by emailing NHTSAMedia@dot.gov with their name, outlet, and attendance preference.

Anyone wishing to make an oral statement must attend the public meeting in person and should specify in registering the amount of time that the statement is expected to last. Any exhibits should be submitted into the public docket in accordance with the instructions in this notice rather than be presented during the public meeting. The agency will prepare a schedule of oral statements. Depending upon the number of persons who wish to make oral statements and the anticipated length of those statements, the agency may limit the length of oral statements to ensure the public meeting may be completed on October 5. Registrants who request to make oral statements will be notified in advance, on or about September 29, 2023, with additional details.

NHTSA is committed to providing equal access to this event for all participants, and people who need accommodations should send a request to Carla Bridges, Office of the Chief Counsel, National Highway Traffic Safety Administration by email at Carla.Bridges@dot.gov before the close of business on September 22, 2023.

This will not be a formal adjudicatory proceeding. There is no cross-examination of witnesses.

Authority: 49 U.S.C. 30118(a), (b); 49 CFR 554.10; delegations of authority at 49 CFR 1.50(a) and 49 CFR 501.8.

Issued on: September 5, 2023.

Cem Hatipoglu,

Acting Associate Administrator for Enforcement.

BILLING CODE 4910–59–P

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

[Docket No. DOT–OST–2016–0023]

Extension of a Previously Approved Collection: Public Charters

AGENCY: Office of the Secretary, Department of Transportation.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Department of Transportation (DOT) invites the general public, industry and other governmental parties to comment on Public Charters. A **Federal Register** Notice with a 60-day comment period soliciting comments on the following information collection was published on April 21, 2023. No comments were received.

DATES: Written comments should be submitted by October 10, 2023.

ADDRESSES: Send comments regarding the burden estimate, including suggestions for reducing the burden, to the Office of Management and Budget, Attention: Desk Officer for the Office of the Secretary of Transportation, 725 17th Street NW, Washington, DC 20503. Comments may also be sent via email to OMB at the following address: oir_submissions@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Ms. Reather Flemmings (202–366–1865) and Mr. Brett Kruger (202–366–8025), Office of the Secretary, Office of International Aviation, U.S. Air Carrier Licensing/Special Authorities Division–X44, 1200 New Jersey Ave. SE, Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2106–0005.
Title: Public Charters, 14 CFR part 380.

Form Numbers: 4532, 4533, 4534, 4535.

Type of Review: Extension of a Previously Approved Collection: The current OMB inventory has not changed.

Abstract: 14 CFR part 380 establishes regulations embodying the Department’s terms and conditions for Public Charter operators to conduct air transportation using direct air carriers. Public Charter operators arrange transportation for groups of people on chartered aircraft. This arrangement is often less expensive for the travelers than individually buying a ticket. Part 380 exempts charter operators from certain provisions of the U.S. code in order that they may provide this service. A primary goal of part 380 is to seek

¹⁸ Any entity determined responsible for the Delphi-manufactured inflators may also be subject to this order.

protection for the consumer. Accordingly, the rule stipulates that the charter operator must file evidence (a prospectus—consisting of OST Forms 4532, 4533, 4534, 4535, and supporting financial documents) with the Department for each charter program certifying that it has entered into a binding contract with a direct air carrier to provide air transportation and that it has also entered into agreements with Department-approved financial institutions for the protection of charter participants' funds. The prospectus must be accepted by the Department prior to the operator's advertising, selling or operating the charter. If the prospectus information were not collected it would be extremely difficult to assure compliance with agency rules and to assure that public security and other consumer protection requirements were in place for the traveling public. The information collected is available for public inspection (*unless the respondent specifically requests confidential treatment*). Part 380 does not provide any assurances of confidentiality.

Burden Statement: Completion of all forms in a prospectus can be accomplished in approximately two hours (30 minutes per form) for new filers and one hour for amendments (existing filings). The forms are simplified and request only basic information about the proposed programs and the private sector filer. The respondent can submit a filing to operate for up to one year and include as many flights as desired, in most cases. If an operator chooses to make changes to a previously approved charter operation, then the operator is required by regulations to file revisions to its original prospectus.

Respondents: Private Sector: Air carriers; tour operators; the general public (including groups and individuals, corporations and Universities or Colleges, etc.).

Number of Respondents: 245.

Number of Responses: 1,782.

Total Annual Burden: 891.

Frequency of Responses:

245 (respondents) \times 4 = 980

401 (amendments from the same respondents) \times 2 = 802

Total estimated responses: 980 + 802 = 1,782

The frequency of response is dependent upon whether the operator is requesting a new program or amending an existing prospectus. Variations occur due to the respondents' criteria. On average four responses (forms 4532, 4533, 4534 and/or 4535) are required for filing new prospectuses and two of the

responses (forms) are required for amendments. The separate hour burden estimate is as follows:

Total Annual Burden: 891 hours.

Approximately 1,782 (responses) \times 0.50 (per form) = 891

Public Comments Invited: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information collection; and (d) ways to minimize the burden of the collection of information on respondents, by the use of electronic means, including the use of automated collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

A **Federal Register** Notice with a 60-day comment period on the information collection was published on April 21, 2023 (88 FR 24659).

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued in Washington, DC, on September 1, 2023.

Benjamin J. Taylor,

Director, Office of International Aviation.

BILLING CODE 4910-9X-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Requesting Comments on TD 9923, Guidance Under Section 529A: Qualified ABL Programs

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. The IRS is soliciting comments concerning Treasury Regulation section 1.529A-2 in Treasury Decision (TD) 9923 relating to qualified ABL programs.

DATES: Written comments should be received on or before November 7, 2023 to be assured of consideration.

ADDRESSES: Direct all written comments to Andres Garcia, Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or by email to pra.comments@irs.gov. Include OMB Control No. 1545-2293 in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of this collection should be directed to Jon Callahan, (737) 800-7639, at Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or through the internet at jon.r.callahan@irs.gov.

SUPPLEMENTARY INFORMATION: The IRS is currently seeking comments concerning the following information collection tools, reporting, and record-keeping requirements:

Title: Guidance under Section 529A: Qualified ABL Programs.

OMB Number: 1545-2293.

Regulatory Number: TD 9923.

Abstract: The Stephen Beck, Jr., Achieving a Better Life Experience (ABLE) Act of 2014, as part of The Tax Increase Prevention Act of 2014 (Pub. L. 113-295), added Internal Revenue Code (IRC) section 529A. IRC section 529A provides rules under which States or State agencies or instrumentalities may establish and maintain a new type of tax-favored savings program through which contributions may be made to the account of an eligible disabled individual to meet qualified disability expenses. These accounts also receive favorable treatment for purposes of certain means-tested Federal programs. Treasury Regulations section 1.529A-2 provides guidance about the requirements applicable to qualified ABL programs and individuals seeking to establish ABL accounts under such programs.

Current Actions: There is no change to the existing collection.

Type of Review: Extension of a currently approved collection.

Affected Public: States, and Individuals or households.

Estimated Number of Responses: 28,987.

Estimated Time per Respondent: 22 minutes.

Estimated Total Annual Burden Hours: 10,729.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information
