

adjudicatory documents in Portable Document Format. Guidance on submissions is available on the NRC's public website at <https://www.nrc.gov/site-help/electronic-sub-ref-mat.html>. A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. ET on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC's Electronic Filing Help Desk through the "Contact Us" link located on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals.html>, by email to MSHD.Resource@nrc.gov, or by a toll-free call at 1-866-672-7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., ET, Monday through Friday, except Federal holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with 10 CFR 2.302(b)-(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available at <https://adams.nrc.gov/ehd>, unless excluded pursuant to an order of the presiding officer. If you do not have an NRC-

issued digital ID certificate as previously described, click "cancel" when the link requests certificates and you will be automatically directed to the NRC's electronic hearing dockets where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal privacy information such as social security numbers, home addresses, or personal phone numbers in their filings unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

Dated: August 31, 2023.

For the Nuclear Regulatory Commission.

John M. Moses,

Deputy Director, Division of Rulemaking, Environmental, and Financial Support, Office of Nuclear Materials Safety and Safeguards.

I. Introduction

II. Docketed Proceeding(s)

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the Market Dominant or the Competitive product list, or the modification of an existing product currently appearing on the Market Dominant or the Competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<https://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern Market Dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3030, and 39 CFR part 3040, subpart B. For request(s) that the Postal Service states concern Competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3040, subpart B. Comment deadline(s) for each request appear in section II.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–98278; File No. SR–NYSEARCA–2023–56]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify Rule 6.91P–O(g)(1)

September 1, 2023.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on August 18, 2023, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b–4.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify Rule 6.91P–O(g)(1) to expand the existing Complex Strategy Limit. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify Rule 6.91P–O(g) regarding risk checks of Electronic Complex Orders (or ECOs) to expand the existing Complex Strategy Limit.⁴ Specifically, the Exchange proposes to impose a limit on complex strategies per underlying symbol, as described below.⁵ The Exchange also notes that at least one other options exchange likewise may impose a limit on new complex order strategies.⁶

Rule 6.91P–O(g) describes the “ECO Risk Checks,” which are designed to

⁴ Rule 6.91P–O(a)(7) defines an “Electronic Complex Order” or “ECO” to mean any Complex Order, as defined in Rule 6.62P–O (f). Rule 6.62P–O(f) (providing a Complex Order is “any order involving the simultaneous purchase and/or sale of two or more option series in the same underlying security, for the same account, in a ratio that is equal to or greater than one-to-three (.333) and less than or equal to three-to-one (3.00) and for the purpose of executing a particular investment strategy.”).

⁵ See proposed Rule 6.91P–O(g)(1) (Complex Strategy Limits). A “complex strategy” means a particular combination of leg components and their ratios to one another. New complex strategies can be created when the Exchange receives either a request to create a new complex strategy or an ECO with a new complex strategy. See Rule 6.91P–O(a)(4).

⁶ See, e.g., Cboe Rule 5.33(a) (providing, in its definition of “complex strategy” that Cboe “may limit the number of new complex strategies that may be in the [Cboe] System or entered for any EFID (which EFID limit would be the same for all Users) at a particular time”).

help OTP Holders and OTP Firms (collectively OTPs) to effectively manage risk when trading ECOs.⁷ Rule 6.91P–O(g)(1) sets forth the “Complex Strategy Limit,” which establishes a limit on the maximum number of new complex strategies that may be requested to be created per Market Participant Identifier or MPID, which limit would be announced by Trader Update.⁸ Under current functionality, when an MPID reaches the limit on the maximum number of new complex strategies, the Exchange rejects all requests to create new complex strategies from that MPID for the rest of the trading day.

Notwithstanding the established Complex Strategy Limit, Rule 6.91P–O(g)(1) also authorizes the Exchange to reject a request to create a new complex strategy from any MPID whenever the Exchange determines it is necessary in the interests of a fair and orderly market. The established Complex Strategy Limit (the “Strategy Limit”), and the Exchange’s discretion related thereto, is a system protection tool that enables the Exchange to prevent any single MPID from creating more than a limited number of complex strategies during the trading day.

The Exchange proposes to modify Rule 6.91P–O(g)(1) to adopt another limit for the number of permissible complex strategies requested to be created by an MPID in a trading day, except that the new limit would be based on the number of complex strategies in the same underlying symbol (the “Strategy Limit per Symbol”). Like the existing Strategy Limit, the proposed Strategy Limit per Symbol would operate as a system protection tool that enables the Exchange to prevent any single MPID from creating more than a limited number of complex strategies in a particular symbol during the trading day.

The Exchange has observed that the high volume of requests to create

⁷ An Options Trading Permit or “OTP” is issued by the Exchange for effecting approved securities transactions on the Exchange. See Rule 1.1. An “OTP Holder” is a natural person, in good standing, who has been issued an OTP and an “OTP Firm” is a sole proprietorship, partnership, corporation, limited liability company or other organization in good standing that holds an OTP or upon whom an individual OTP Holder has conferred trading privileges on the Exchange. See *id.* The Exchange notes that an OTP may be acting as a Market Maker, which market participant is subject to heightened requirements. See, e.g., Rule 6.37AP–O(b), (c).

⁸ Per Rule 1.1, an MPID refers to the identifier assigned to the orders and quotes of a single OTP Holder or OTP Firm for the execution and clearing of trades on the Exchange by that permit holder. An OTP Holder or OTP Firm may obtain multiple MPIDs and each such MPID may be associated with one or more sub-identifiers of that MPID. See *id.*
