

Holding Period (as in M-ELO or M-ELO+CB orders on Nasdaq) or care about their counterparties being subject to the same. To the extent the proposed change is successful in attracting additional market participants or increasing existing participation on the Exchange, the Exchange believes that the proposed change will promote competition among trading venues by making the Exchange a more attractive trading venue for investors and participants.

Additionally, adoption of the CMO and CMO+PO will not burden competition among market participants. The CMO and CMO+PO will be available to all Exchange members and it will be available on an optional basis. Thus, any member that seeks to avail itself of the benefits of a CMO or CMO+PO can choose accordingly. Although the proposal provides potential benefits for investors that select the CMO and CMO+PO, the Exchange believes that all market participants will benefit to the extent that this proposal contributes to a healthy and attractive market that is attentive to the needs of all types of investors.

The proposal also will not adversely impact market participants that choose not to use these Order Types because no changes need to be made to participants' systems to account for it. As discussed above, CMO and CMO+PO executions will be reported the same as other executions, without any new or special indicator.

In any event, the Exchange notes that it operates in a highly competitive market in which market participants can readily choose between competing venues if they deem participation in the Exchange's market is no longer desirable. In such an environment, the Exchange must carefully consider the impact that any change it proposes may have on its participants, understanding that it will likely lose participants to the extent a change is viewed as unfavorable by them. Because competitors are free to modify the incentives and structure of their markets, the Exchange believes that the degree to which modifying the market structure of an individual market may impose any burden on competition is limited. Last, to the extent the proposed change is successful in attracting additional market participants or additional activity by existing participants, the Exchange also believes that the proposed change will promote competition among trading venues by making the Exchange a more attractive trading venue for participants and investors.

The Exchange perceives no competitive impact associated with amending the Exchange's Rule governing Midpoint Pegging, at Rule 3301B(d), to add language stating that "Orders with Midpoint Pegging will be cancelled by the System when a trading halt is declared, and any Orders with Midpoint Pegging entered during a trading halt will be rejected." This proposal merely adds language that had been mistakenly omitted from the Exchange's Rulebook, but which exists in the corresponding rules of the Nasdaq Stock Market, LLC, and codifies existing Exchange practice as to Orders with Midpoint Pegging during a trading halt.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) by order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
