

we would also restore 100 ac of riparian woodlands and 1,700 ac of vernal pool habitat on the Snobird unit of the Merced NWR.

Under Alternative C (proposed action), the Service would manage with a biodiversity focus that would include both wetland and upland habitats for wildlife. We would manage wetland-dependent wildlife and wetland habitats on San Luis and Merced NWRs essentially the same as under Alternative B, except moist soil wetlands (the most common wetland habitat at the Complex) would continue to be managed under an 8-year disturbance cycle. Grassland management activities would increase at the San Luis and Merced NWRs, to focus on providing nesting habitat for migratory birds and other wildlife and suitable grazing/foraging habitat for migratory birds, including geese, cranes and curlew, and on restoring native plants and natural processes to grasslands. Inventory, monitoring, and research programs of natural resources would be expanded. We would shift some of the wildlife easement acquisition authority to fee-title acquisition authority within the Grasslands Wildlife Management Area acquisition boundary to allow greater flexibility for conserving important wildlife habitat (*i.e.*, wetlands, vernal pools). We would expand wildlife observation opportunities by adding an additional riparian focused nature trail, a children's interactive nature exploration area, and an additional boardwalk section. We would also host visitor workshops on wildlife identification/observation and photography. Interpretation and environmental education opportunities would also be improved and expanded.

Public Meetings

The locations, dates, and times of public meetings will be listed in a public communications release distributed to the project mailing list and posted on the refuge website at <https://www.fws.gov/refuge/san-luis>.

Review and Comment

At the end of the review and comment period for the draft CCP/EA, comments will be analyzed by the Service and addressed in the final CCP/EA. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public view, we cannot guarantee that we will be able to do so.

Kaylee Allen,

Acting Regional Director, Pacific Southwest Region, Sacramento, California.

BILLING CODE 4333–15–P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX23GK009970000; OMB Control Number 1028–NEW]

Agency Information Collection Activities; Landslide Hazards Risk Reduction Grants Program

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the U.S. Geological Survey (USGS) is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before November 13, 2023.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028–NEW Landslide Hazards Risk Reduction Grants Program in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Stephen Slaughter by email at sslaughter@usgs.gov, or by telephone at 720–483–3945. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the PRA, (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval. We may not conduct or sponsor, nor are you required to respond to, a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: USGS Cooperative Landslide Hazard Mapping and Assessment Program priorities reflect the National Landslide Preparedness Act (Public Law 116–323), which supports the mission of the USGS Landslide Hazards Program to reduce loss of lives and property from landslides and improve public safety and community resilience for the Nation. Proposed risk-reduction activities should advance landslide science and communication that underlie the priorities of the National Landslide Preparedness Act by focusing on landslide hazard planning, coordination, education, outreach, mapping, and assessments. The

objectives are to provide grants on a competitive basis to state, territorial, local, and Tribal governments to research, map, assess, and collect data on landslide hazards within the jurisdictions of those governments. In response to our Program Announcements, applicants submit proposals in priority areas including (a) advance landslide hazard mapping and assessments, (b) improve landslide hazard planning and coordination, and (c) improve dissemination and effectiveness of landslide hazard information in mitigating losses. This information is used as the basis for selection and award of projects meeting USGS Cooperative Landslide Hazard Mapping and Assessment Program priorities. Final Grant Close-Out Narrative Reports are required for each funded proposal; annual progress reports are required for awards that span more than two years. Final Grant Close-Out Narrative Reports are made available to the public at <https://www.usgs.gov/programs/landslide-hazards/science/external-grants-overview>.

Title of Collection: Landslide Hazards Risk Reduction Grants Program.

OMB Control Number: 1028-NEW.

Form Number: None.

Type of Review: New information collection.

Respondents/Affected Public: State, Territorial, local, and Tribal governments.

Total Estimated Number of Annual Respondents: The USGS estimates that 30 respondents will read the Program Announcement, 10 respondents will submit applications, and 10 respondents will submit semi-annual progress reports and a final technical report.

Total Estimated Number of Annual Responses: 10 applications; 10 semi-annual progress reports, and 10 final technical reports.

Estimated Completion Time per Response: Read Program announcement: 1 hour; prepare applications: 40 hours; creating progress reports: 4 hours;

producing the final technical report: 24 hours.

Total Estimated Number of Annual Burden Hours: 710 hours.

Respondent's Obligation: Response is voluntary but required to be eligible to receive funding.

Frequency of Collection: Program Announcements are published annually.

Total Estimated Annual Non-hour Burden Cost: There are no non-hour cost burdens associated with this Information Collection.

An agency may not conduct or sponsor, nor is a person required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the PRA.

Stephen L. Slaughter,

Associate Program Coordinator for the USGS Landslide Hazards, Natural Hazards Mission Area.

National Park Service

[NPS-IMR-NTIR; PPIMELCA00, PPMSPD1Z.S00000]

Official Trail Markers for El Camino Real de Tierra Adentro National Historic Trail, El Camino Real de los Tejas National Historic Trail, and the Old Spanish National Historic Trail

AGENCY: National Park Service, Interior.

ACTION: Notice of designation.

SUMMARY: This notice issues the official trail marker insignias for El Camino Real de Tierra Adentro National Historic Trail, El Camino Real de los Tejas National Historic Trail, and the Old Spanish National Historic Trail in the National Trails System.

FOR FURTHER INFORMATION CONTACT: Carole Wendler, Acting Superintendent,

National Trails, National Park Service; 1100 Old Santa Fe Trail, Santa Fe, NM 87505; via email at carole_wendler@nps.gov; or via phone at (505) 660-3242.

SUPPLEMENTARY INFORMATION: The primary author of this document is Carole Wendler, Acting Superintendent, National Trails, Regions 6, 7, and 8, National Park Service. The insignias depicted below are prescribed as the official trail marker logos for El Camino Real de Tierra Adentro National Historic Trail, El Camino Real de los Tejas National Historic Trail, and the Old Spanish National Historic Trail. Authorization for use of these trail markers is controlled by the National Park Service's National Trails office.

The original graphic image for El Camino Real de Tierra Adentro National Historic Trail was developed in 2004 with the completion of the Camino Real de Tierra Adentro National Historic Trail Comprehensive Management Plan. The National Park Service, Bureau of Land Management, and related agencies have officially adopted and use this insignia to help mark all designated alignments of El Camino Real de Tierra Adentro National Historic Trail.

The original graphic image for El Camino Real de los Tejas National Historic Trail was developed in 2011 with the completion of El Camino Real de los Tejas National Historic Trail Comprehensive Management Plan. The National Park Service and related agencies have officially adopted and use this insignia to help mark all designated alignments of El Camino Real de los Tejas National Historic Trail.

The original graphic image for the Old Spanish National Historic Trail was developed in 2017 with the completion of the Old Spanish National Historic Trail Comprehensive Administrative Strategy. The National Park Service, Bureau of Land Management, and related agencies have officially adopted and use this insignia to help mark all designated alignments of the Old Spanish National Historic Trail.
