Comments

You may access the information collection instrument with instructions or additional information by visiting the Federal eRulemaking Portal site at: <https://www.regulations.gov> and entering USCIS–2023–0004 in the search box. All submissions will be posted, without change, to the Federal eRulemaking Portal at <https://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <https://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Online Request to be a Supporter and Declaration of Financial Support.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I–134A; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* Individuals or households. USCIS uses Form I–134A to determine whether a U.S.-based individual has sufficient financial resources and access to those funds to support the beneficiary named on the Form I–134A for the duration of their temporary stay in the United States, as well as to obtain information concerning whether the beneficiary merits a favorable exercise of discretion under the statutory parole standard.

Form I–134A is filed by a U.S.-based individual (the potential supporter) to request to be a supporter, agree to provide financial support to the beneficiary named on the form during the beneficiary's period of stay in the United States, and to provide information concerning why the beneficiary warrants a discretionary grant of parole.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection I–134A is 1,202,000, and the estimated hour burden per response is 2.11 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 2,536,220 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$0.00.

USCIS specifically requests comments on the agency's estimate of the number of respondents who will submit Form I–134A, on average, in a given 12-month period. USCIS has added to the burden estimate for this collection, to account for any potential expansion(s) that align with new or revised policies or processing capacity over the next three years. USCIS also notes that the number of requests to be a supporter that USCIS is currently receiving exceeds our initial estimates. Anecdotal evidence indicates that supporters are submitting multiple, duplicate requests for the same beneficiary. USCIS welcomes public input on why supporters are creating duplicate requests to inform our estimates.
