SUPPLEMENTARY INFORMATION:

A. Purpose

GSA’s Office of Government-wide Policy is announcing the availability of Standard Form 94, Statement of Witness that is publicly available on <http://www.gsa.gov/forms>. This form will be used to collect information from witnesses reporting accidents and/or damage to Federal Fleet Vehicles. Standard Form (SF) 94 provides additional accounts of motor vehicle accidents that supplement statements made by a motor vehicle operator. Use of the SF 94 is prescribed in Federal Management Regulation, 41 CFR 102–34.290(b) and Federal Property Management Regulations, 41 CFR 101–39.401(b). The SF 94 is usually completed at the time of an accident involving a motor vehicle owned or leased by the Government.

The SF 94 is an essential part of the investigation of motor vehicle accidents, especially those involving the public with a potential for claims against the United States. It is a vital piece of information in lawsuits and provides the Assistant United States Attorneys with a written statement to refresh recollection of accidents, as necessary.

SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration routinely hires, reassigns, promotes, or

transfers Federal employees to duty stations in foreign areas (*i.e.*, outside of the United States and its territories and possessions). Civilian employees located in foreign areas are eligible for different compensation authorities compared to employees located in the United States or its territories or possessions. Besides basic pay, certain foreign allowances are often used as recruitment or retention incentives to make foreign service more economically feasible. One type of allowance is called a “living quarters allowance,” or “LQA,” and allows an agency to reimburse the cost of rental housing as well as utilities (such as electricity, natural gas, and water service). Under this authority (conveyed by the Overseas Differentials and Allowances Act of 1960, Pub. L. 86–707, Sept. 6, 1960, codified at 5 U.S.C. 5923(a)(2)), not all job candidates or overseas employees are necessarily eligible (for example, if Government-provided housing is made available). In addition, for those job candidates eligible, the amount of the benefit varies by rank (*i.e.*, GS grade), presence overseas with or without family, and overall family size. Detailed rules concerning eligibility and other matters are found in the State Department’s *Department of State Standardized Regulations*, sections 031.12 and chapter 130.

To more effectively administer LQA, the General Services Administration (GSA) has created a new agency form, GSA Form 5039, *Living Quarters Allowance Eligibility Questionnaire*. This form collects basic demographic and housing-related information and also includes questions meant to coordinate housing benefits between the U.S. military and other Federal agencies (for example, if two spouses work for different Federal agencies). Individuals who complete this pre-employment questionnaire are considered job candidates and may be members of the public (if not already Federal civilian employees). The purpose of the data collection from job candidates is to ensure that eligible applicants receive allowance consideration, in the correct amounts based on the position and family size, and ineligible candidates are not erroneously provided with this significant monetary benefit.

[Docket No. CDC–2023–0075]

National One Health Framework To Address Zoonotic Diseases and Advance Public Health Preparedness in the United States: A Framework for One Health Coordination and Collaboration Across Federal Agencies

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), in the Department of Health and Human Services (HHS), announces the opening of a docket to obtain comment on the draft *National One Health Framework To Address Zoonotic Diseases and Advance Public Health Preparedness in the United States: A Framework for One Health Coordination and Collaboration across Federal Agencies* (NOHF-Zoonoses). As directed by Congress through the House Appropriations Committee report accompanying the 2021 omnibus appropriations bill and the 2023 Consolidated Appropriations Act, CDC has partnered with the U.S. Department of the Interior (DOI), the U.S. Department of Agriculture (USDA), and other departments and agencies to develop this One Health framework to address zoonotic diseases and advance public health preparedness. This framework will facilitate One Health collaboration for zoonotic disease prevention and control across the United States Government for the next five years. It describes a common vision,

mission, and goals for key federal partners involved in implementing a One Health approach to address zoonotic diseases and advance public health preparedness in the United States.

DATES: Written comments must be received on or before November 6, 2023.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2023–0075 by either of the methods listed below. Do not submit comments by email. CDC does not accept comments by email.

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* RE: NOHF-Zoonoses Public Comments, 1600 Clifton Road NE, Mailstop H16–5, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name (Centers for Disease Control and Prevention) and Docket Number. All relevant comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION:

Public Participation

Interested persons or organizations are invited to participate by submitting written views, recommendations, and data. CDC and our federal partners invite input from interested parties throughout public health, agriculture, wildlife, environment, and other relevant sectors including authorities at the state, tribal, local, and territorial levels, non-governmental organizations, academic institutions, private sector, the public, and others on the proposed One Health framework to address zoonotic diseases and advance public health preparedness. This input is a valuable component in finalizing the framework, and the community’s time and consideration are appreciated.

CDC and our federal partners invite public comments to inform revisions to the proposed framework and follow-up activities. Commenters are encouraged to answer the following questions:

- Are there any new or proposed objectives that should be prioritized?
- What attributes and characteristics of the proposed framework will most likely lead to success?
