

statutory and regulatory membership eligibility requirements and that otherwise includes all required information and materials.⁴ Second, the regulation provides applicants that have been denied membership by a Bank the option of appealing the decision to FHFA. To file such an appeal, an applicant must submit to FHFA a copy of the Bank's decision resolution denying its membership application and a statement of the basis for the appeal containing sufficient facts, information, and analysis to support the applicant's position.⁵ Third, the regulation provides that, in order to initiate a voluntary withdrawal from Bank membership, a member must submit to its Bank a written notice of intent to withdraw.⁶ Fourth, under certain circumstances, the regulation permits a member of one Bank to transfer its membership to a second Bank "automatically" without either initiating a voluntary withdrawal from the first Bank or submitting a membership application to the second Bank. Despite the regulatory reference to such a transfer as being "automatic," a member meeting the criteria for an automatic transfer must initiate the transfer process by filing a request with its current Bank, which will then arrange the details of the transfer with the second Bank.⁷

The Banks use most of the information collected under part 1263 to determine whether an applicant satisfies the statutory and regulatory requirements for Bank membership and should be approved as a Bank member. The Banks may use some of the information collected under part 1263 as a means of learning that a member wishes to withdraw or to transfer its membership to a different Bank so that the Bank can begin to process those requests. In rare cases, FHFA may use the collected information to determine whether an institution that has been denied membership by a Bank should be permitted to become a member of that Bank.

The OMB control number for this information collection is 2590-0003, which is due to expire on September 30, 2023. The likely respondents are financial institutions that are, or are applying to become, Bank members.

C. Burden Estimate

FHFA has analyzed the time burden imposed on respondents by the four collections under this control number

and estimates that the average annual burden imposed on all respondents by those collections over the next three years will be 2,181 hours. This estimate is derived from the following calculations:

1. Membership Applications

FHFA estimates that the average number of applications for Bank membership submitted annually will be 141 and that the average time to prepare and submit an application and supporting materials will be 15 hours. Accordingly, the estimate for the annual hour burden associated with preparation and submission of applications for Bank membership is (141 applications × 15 hours per application) = 2,115 hours.

2. Appeals of Membership Denials

FHFA estimates that the average number of applicants that have been denied membership by a Bank that will appeal such a denial to FHFA will be 1 and that the average time to prepare and submit an application for appeal will be 50 hours. Accordingly, the estimate for the annual hour burden associated with the preparation and submission of membership appeals is (1 appellant × 50 hours per application) = 50 hours.

3. Notices of Intent To Withdraw From Membership

FHFA estimates that the average number of Bank members submitting a notice of intent to withdraw from membership annually will be 4 and that the average time to prepare and submit a notice will be 1.5 hours. Accordingly, the estimate for the annual hour burden associated with preparation and submission of notices of intent to withdraw is (4 withdrawing members × 1.5 hours per application) = 6 hours.

4. Requests for Transfer of Membership to Another Bank District

FHFA estimates that the average number of Bank members submitting a request for transfer to another Bank will be 5 and that the average time to prepare and submit a request will be 2 hours. Accordingly, the estimate for the annual hour burden associated with preparation and submission of requests for automatic transfer is (5 transferring members × 2 hours per request) = 10 hours.

D. Comment Request

In accordance with the requirements of 5 CFR 1320.8(d), FHFA published an initial notice and request for public comments regarding this information collection in the **Federal Register** on

June 12, 2023.⁸ The 60-day comment period closed on August 11, 2023. FHFA received no comments.

FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of FHFA's estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
