SUPPLEMENTARY INFORMATION:

Title: Process for Review of Swaps for Mandatory Clearing (OMB Control No. 3038–0097). This is a request for extension of a currently approved information collection.

Abstract: The Commodity Exchange Act and Commission regulations require a derivatives clearing organization (DCO) that wishes to accept a swap for clearing to be eligible to clear the swap and to submit the swap to the Commission for a determination as to whether the swap is required to be cleared. Commission Regulation 39.5

sets forth the process for these submissions. The Commission will use the information in this collection to determine whether a DCO that wishes to accept a swap for clearing is eligible to clear the swap and whether the swap should be required to be cleared. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On June 28, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 41932 (“60-Day Notice”). The Commission did not receive any relevant comments that addressed its PRA burden estimates.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 15.

Estimated Average Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 600.

Frequency of Collection: On occasion. A DCO is only required to make a one-time submission before it first accepts a swap for clearing.

There are no capital costs or operating and maintenance costs associated with this collection.

Deputy Secretary of the Commission.
