

Complementary PNT solution for non-Federal users.

Rather than building or otherwise procuring a new system, DOT in partnership with the Department of Homeland Security, in support of Executive Order 13905, *Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services*, is better positioned to enable and encourage the owners and operators of critical infrastructure to be responsible users of PNT by leveraging commercially available PNT technologies to secure access to Complementary PNT services. The private sector is then encouraged to design critical infrastructure systems in a manner that recognizes the risk associated with the use of, and potential dependence on, external PNT services.

2. Responses

Responses are limited to ten (10) 8.5" x 11" pages with 1" margins, and 12-point font (Arial or Times New Roman), not including financial tables, appendices and other supporting materials which shall have no limitation.
