Notice of Approval Status; EPA Plan for the Federal Certification of Applicators Within Indian Country

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is announcing its approval of the revised EPA Plan for the Federal Certification of Applicators of Restricted Use Pesticides within Indian Country (2023 EPA Plan). The 2023 EPA Plan is specific to the use of restricted use pesticides (RUPs) in Indian country. Because of limitations in Certification of Pesticide Applicators Rule (CPA Rule), RUPs may not be used legally in Indian country unless the Tribe has an EPA-approved certification plan, the Tribe has entered into an agreement with EPA, or EPA has issued a Federal certification plan for Indian country. The 2023 EPA Plan supersedes the 2014 EPA Plan and ensures applicators in Indian country have the competence needed to use RUPs. The amended plan is consistent with the existing regulatory requirements, including revisions made in 2017 to enhance and improve the competency of certified applicators of RUPs and persons working under their
