## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–98610; File No. SR–NASDAQ–2023–016]

### Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of the iShares Bitcoin Trust Under Nasdaq Rule 5711(d), Commodity-Based Trust Shares

September 28, 2023.

On June 29, 2023, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> a proposed rule change to list and trade shares (“Shares”) of the iShares Bitcoin Trust (“Trust”) under Nasdaq Rule 5711(d), Commodity-Based Trust Shares. The proposed rule change was published for comment in the **Federal Register** on July 19, 2023.<sup>3</sup>

On August 31, 2023, pursuant to Section 19(b)(2) of the Act,<sup>4</sup> the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.<sup>5</sup> This order institutes proceedings under Section 19(b)(2)(B) of the Act<sup>6</sup> to determine whether to approve or disapprove the proposed rule change.

#### I. Summary of the Proposal

As described in more detail in the Notice,<sup>7</sup> the Exchange proposes to list and trade the Shares of the Trust under Nasdaq Rule 5711(d), which governs the listing and trading of Commodity-Based Trust Shares on the Exchange.

#### II. Proceedings To Determine Whether To Approve or Disapprove SR–NASDAQ–2023–016 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act<sup>12</sup> to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change, as discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,<sup>13</sup> the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change's consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be “designed to prevent fraudulent and manipulative acts and practices” and “to protect investors and the public interest.”<sup>14</sup>

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice, in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following questions and asks commenters to submit data

where appropriate to support their views:

1. What are commenters' views on whether the proposed Trust and Shares would be susceptible to manipulation? What are commenters' views generally on whether the Exchange's proposal is designed to prevent fraudulent and manipulative acts and practices? What are commenters' views generally with respect to the liquidity and transparency of the bitcoin markets and the bitcoin markets' susceptibility to manipulation?

2. Based on data and analysis provided by the Exchange,<sup>15</sup> do commenters agree with the Exchange that the Chicago Mercantile Exchange ("CME"), on which CME bitcoin futures trade, represents a regulated market of significant size related to spot bitcoin? What are commenters' views on whether there is a reasonable likelihood that a person attempting to manipulate the Shares would also have to trade on the CME to manipulate the Shares? Do commenters agree with the Exchange that trading in the Shares would not be the predominant influence on prices in the CME bitcoin futures market?<sup>18</sup>

3. The Exchange states that bitcoin is resistant to price manipulation and that other means to prevent fraudulent and manipulative acts and practices "exist to justify dispensing with the requisite surveillance sharing agreement" with a regulated market of significant size related to spot bitcoin.<sup>19</sup> In support, the Exchange states, among other things, that the geographically diverse and continuous nature of bitcoin trading make it difficult and prohibitively costly to manipulate the price of bitcoin, and that the fragmentation across bitcoin platforms, the relatively slow speed of transactions, and the capital necessary to maintain a significant presence on each trading platform make manipulation of bitcoin prices through continuous trading activity challenging.<sup>20</sup> The Exchange also states that offering only in-kind creations and redemptions provides "unique protections against potential attempts to manipulate the Shares" and that the price the Sponsor uses to value the Trust's bitcoin "is not particularly important."<sup>21</sup> Do commenters agree with the Exchange's statements regarding the bitcoin market's resistance to price manipulation?

4. The Exchange also states that it will execute a surveillance-sharing agreement with Coinbase, Inc. ("Coinbase") that is intended to supplement the Exchange's market surveillance program.<sup>22</sup> According to the Exchange, the agreement is "expected to have the hallmarks of a surveillance-sharing agreement between two members of the [Intermarket Surveillance Group], which would give the Exchange supplemental access to data regarding spot [bitcoin] trades on Coinbase where the Exchange determines it is necessary as part of its surveillance program for the Commodity-Based Trust Shares."<sup>23</sup> Based on the description of the surveillance-sharing agreement as provided by the Exchange, what are commenters' views of such an agreement if finalized and executed? Do commenters agree with the Exchange that such an agreement with Coinbase would be "helpful in detecting, investigating, and deterring fraud and manipulation in the Commodity-Based Trust Shares"?<sup>24</sup>

5. Some sponsors of proposed spot bitcoin exchange-traded products have also provided data regarding the correlation between certain bitcoin spot markets and the CME bitcoin futures market.<sup>25</sup> What are commenters' views on the correlation between the bitcoin spot market and the CME bitcoin futures market? What are commenters' views on the extent to which that correlation provides evidence that the CME bitcoin futures market is "significant" related to spot bitcoin?

### III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-98658; File No. SR-PEARL-2023-35]

### Self-Regulatory Organizations; MIA X PEARL, LLC; Suspension of and Order Instituting Proceedings To Determine Whether To Approve or Disapprove Proposed Rule Change To Amend the Fee Schedule To Modify Certain Connectivity and Port Fees

September 29, 2023.

#### I. Introduction

On August 8, 2023, MIA X PEARL LLC (“MIA X Pearl Options” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change (File No. SR-PEARL-2023-35) to amend certain connectivity and port fees. The proposed rule change was immediately effective upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act.<sup>3</sup> The proposed

rule change was published for comment in the **Federal Register** on August 25, 2023.<sup>4</sup> Pursuant to Section 19(b)(3)(C) of the Act,<sup>5</sup> the Commission is hereby: (1) temporarily suspending the proposed rule change; and (2) instituting proceedings to determine whether to approve or disapprove the proposed rule change.

#### II. Background and Description of the Proposed Rule Change

As described in more detail in the Notice, the Exchange proposes to: (1) increase fees for a 10 gigabit (“Gb”) ultra-low latency (“ULL”) fiber connection for Members<sup>6</sup> and non-Members from \$10,000 to \$13,500 per month;<sup>7</sup> (2) remove provisions in the Exchange's Fee Schedule that provide for a shared 10Gb ULL network with the Exchange's affiliate Miami International Securities Exchange, LLC (“MIA X”);<sup>8</sup> and (3) amend the calculation method and increase the amount of fees for MIA X Express Network Full Service<sup>9</sup> (“MEO”) Ports.<sup>10</sup>

<sup>4</sup> See Securities Exchange Act Release No. 98180 (August 21, 2023), 88 FR 58404 (SR-PEARL-2023-35) (“Notice”). Comment on the proposed rule change can be found at: <https://www.sec.gov/comments/sr-pearl-2023-35/srpearl202335.htm>.

<sup>5</sup> 15 U.S.C. 78s(b)(3)(C).

<sup>6</sup> The term “Member” means an individual or organization approved to exercise the trading rights associated with a Trading Permit. Members are deemed “members” under the Exchange Act. See Exchange Rule 100.

<sup>7</sup> See Notice, *supra* note 4, at 58408.

<sup>8</sup> On January 23, 2023, the Exchange bifurcated the Exchange and MIA X's 10Gb ULL network and stated that this bifurcation was due to ever-increasing capacity constraints and anticipated access needs for Members and market participants. See Securities Exchange Act Release Nos. 96545 (December 20, 2022), 87 FR 79393 (December 27, 2022) (SR-MIA X-2022-48); and 96553 (December 20, 2022), 87 FR 79379 (December 27, 2022) (SR-PEARL-2022-60). The instant filing would amend provisions in the Fee Schedule to reflect the bifurcation of the 10Gb ULL network and specify that only the 1Gb network provides access to both the Exchange and MIA X. See Notice, *supra* note 4, at 58408.

<sup>9</sup> The term “MEO Interface” or “MEO” means a binary order interface for certain order types as set forth in Rule 516 into the MIA X Pearl System. See the Definitions Section of the Exchange Fee Schedule and Exchange Rule 100.

<sup>10</sup> See Notice, *supra* note 4, at 58409-10. The Exchange initially filed the proposed fee change on December 30, 2022, with an effective date of January 1, 2023. See Securities Exchange Act Release No. 96632 (January 10, 2023), 88 FR 2707 (January 17, 2023) (SR-PEARL-2022-62). That filing was withdrawn by the Exchange and the Exchange filed a new proposed fee change with additional justification (SR-PEARL-2023-05) on February 23, 2023. See Securities Exchange Act Release No. 97082 (March 8, 2023), 88 FR 15825 (March 14, 2023). The Exchange subsequently withdrew that filing and replaced it with SR-PEARL-2023-19 on April 20, 2023. See Securities Exchange Act Release No. 97420 (May 2, 2023), 88 FR 29701 (May 8, 2023). The Exchange

The Exchange currently offers two types of Full Service MEO Ports—Bulk<sup>11</sup> and Single<sup>12</sup>—and, for one monthly price, a Member may be allocated two Full-Service MEO Ports of either type per Matching Engine.<sup>13</sup> The Exchange now proposes to modify both the calculation method and amount of fees for each type of Full Service MEO Port.<sup>14</sup> Notwithstanding these changes to the calculation method and amount of fees, all Members will continue to be entitled to two Full Service MEO Ports (Bulk or Single) for each Matching Engine for the applicable fee.<sup>15</sup>

With respect to the Full Service MEO Ports (Bulk), prior to the proposed fee change, all Members were charged a monthly fee pursuant to a volume tier-based fee structure with fees ranging from \$3,000 to \$5,000.<sup>16</sup> The Exchange now proposes to amend the calculation and amount of Full Service MEO Port (Bulk) fees for all Members, with different fee structures depending on whether the Member is a Market Maker<sup>17</sup> or an Electronic Exchange Member (“EEM”).<sup>18</sup> The Exchange proposes to charge all EEMs that utilize MIA X Pearl Full Service MEO Ports (Bulk) a flat monthly fee of \$7,500.<sup>19</sup> For Market Makers, the Exchange proposes

subsequently withdrew that filing and replaced it with SR-PEARL-2023-27 on June 16, 2023. See Securities Exchange Act Release No. 97815 (June 27, 2023), 88 FR 42759 (July 3, 2023). The Exchange subsequently withdrew that filing and replaced it with the instant filing to provide additional information and a revised justification for the proposal, which is discussed herein. See Notice, *supra* note 4, at 58405.

<sup>11</sup> Full Service MEO Port (Bulk) means an MEO port that supports all MEO input message types and binary bulk order entry. See the Definitions Section of the Exchange Fee Schedule.

<sup>12</sup> Full Service MEO Port (Single) means an MEO port that supports all MEO input message types and binary order entry on a single order-by-order basis, but not bulk orders. See the Definitions Section of the Exchange Fee Schedule.
