### Submission for OMB Review; Comment Request; Extension: Rule 17g–2

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 17g–2 (17 CFR 240.17g–2) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”).

Rule 17g–2, “Records to be made and retained by nationally recognized statistical rating organizations,” implements the Commission’s recordkeeping rulemaking authority under section 17(a) of the Exchange Act.<sup>1</sup> The rule requires a Nationally Recognized Statistical Rating Organization (“NRSRO”) to make and retain certain records relating to its business and to retain certain other business records, if such records are made. The rule also prescribes the time periods and manner in which all these records must be retained. There are 10 credit rating agencies registered with the Commission as NRSROs under section 15E of the Exchange Act, which have already established the recordkeeping policies and procedures required by Rule 17g–2. Based on staff experience, NRSROs are estimated to spend a total industry-wide burden of 2,600 annual hours to make and retain the appropriate records.<sup>2</sup>

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on respondents, including through the use
