

Registrant's registration, the burden shifts to the registrant to show why it can be entrusted with the responsibility carried by a registration. *Garret Howard Smith, M.D.*, 83 FR 18882, 18910 (2018). When a registrant has committed acts inconsistent with the public interest, it must both accept responsibility and demonstrate that it has undertaken corrective measures. *Holiday CVS, L.L.C., dba CVS Pharmacy Nos 219 and 5195*, 77 FR 62316, 62339 (2012) (internal quotations omitted). Trust is necessarily a fact-dependent determination based on individual circumstances; therefore, the Agency looks at factors such as the acceptance of responsibility, the credibility of that acceptance as it relates to the probability of repeat violations or behavior, the nature of the misconduct that forms the basis for sanction, and the Agency's interest in deterring similar acts. *See, e.g., Robert Wayne Locklear, M.D.*, 86 FR 33738, 33746 (2021).

Here, Registrant did not request a hearing, submit a corrective action plan, respond to the OSC/ISO, or otherwise avail itself of the opportunity to refute the Government's case. As such, Registrant has made no representations as to its future compliance with the CSA nor made any demonstration that it can be entrusted with registration. Moreover, the evidence presented by the Government clearly shows that Registrant violated the CSA, further indicating that Registrant cannot be entrusted. Accordingly, the Agency will order the revocation of Registrant's registration.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed First Modification To Consent Decree Under the Clean Water Act

On October 25, 2023, the Department of Justice lodged a proposed first modification to the consent decree ("First Modification") with the United States District Court for the District of Massachusetts in the lawsuit entitled *United States and Commonwealth of Massachusetts v. City of Revere, Massachusetts*, Civil Action No. 1:10–cv–11460, D.J. Ref. No. 90–5–1–1–09299. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

The United States filed this lawsuit in 2010 under the Clean Water Act ("Act"). The complaint sought injunctive relief and civil penalties for violations of the Act in connection with the City of Revere's operation of its sewage collection system and municipal separate storm sewer system ("MS4"). The allegations in the Complaint were resolved in a consent decree entered on November 17, 2010 ("Consent Decree") in which the City of Revere agreed, among other things, to develop and implement a Comprehensive Wastewater Management Plan and Comprehensive Stormwater Management Plan ("CWMP/CSMP") to ensure identification and implementation of capital projects necessary to eliminate sanitary sewer overflows ("SSOs") and bring its MS4 into compliance with National Pollutant Elimination System ("NPDES") permit requirements.

The proposed First Modification replaces the Consent Decree CWMP/CSMP provisions with new provisions that require the City of Revere to update portions of its CWMP/CSMP by December 31, 2026. This update must include a summary of work completed pursuant to the Consent Decree, assessment of the City of Revere sewer system current service level and associated review of capacity-related SSOs, development and assessment of alternatives to achieve the goal of the Consent Decree to prevent collection system surcharges or capacity-related

SSOs events, and a recommended plan and implementation schedule identifying projects to attain the target level of sewer system service of a ten-year design storm. The new provisions also extend the deadline for completion of all work proposed under Revere's CWMP/CSMP to December 31, 2038.

The publication of this notice opens a period for public comment on the First Modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and Commonwealth of Massachusetts v.
