

conversations with fund representatives, it is estimated that rule 31a-1 imposes an average burden of approximately 1,750 hours annually per series for a total of 7,000 annual hours per fund. The estimated total annual burden for all 2,766 funds subject to the rule therefore is approximately 19,362,000 hours. Based on conversations with fund representatives, however, the Commission staff estimates that even absent the requirements of rule 31a-1, 90 percent of the records created pursuant to the rule are the type that generally would be created as a matter of normal business practice and to prepare financial statements. Thus, the Commission staff estimates that the total annual burden associated with rule 31a-1 is 1,936,200 hours.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study. The collection of information required by rule 31a-1 is mandatory. Responses will not be kept confidential. The records required by rule 31a-1 are required to be preserved pursuant to rule 31a-2 under the Investment Company Act (17 CFR 270.31a-2). Rule 31a-2 requires that certain of these records be preserved permanently, and that others be preserved six years from the end of the fiscal year in which any transaction occurred. In both cases, the records should be kept in an easily accessible place for the first two years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
