Collection title: Domestic Finance Company Report of Consolidated Assets and Liabilities.

Collection identifier: FR 2248.

OMB control number: 7100-0005.

General description of collection: The voluntary FR 2248 is collected monthly as of the last calendar day of the month from a stratified sample of finance companies.¹ Each monthly report collects balance sheet data on major categories of consumer and business credit receivables and on major short-term liabilities. For quarter-end months, additional asset and liability items are collected to provide a full balance sheet.

¹ Finance companies include companies in which 50 percent or more of assets are held in any of the following types of loan or lease assets: (1) liens on real estate, defined as outstanding balances on loans or leases, for any purpose, secured by liens on real estate and (2) loans and leases not secured by real estate, such as business loans and leases, defined as outstanding balances on loans and on leases for commercial and industrial purposes to sole proprietorships, partnerships, corporations, and other business enterprises; or consumer loans and leases, defined as outstanding balances on loans and on leases for household, family, and other personal expenditures.

A supplemental section collects data on securitized assets. Board staff may ask either quantitative or qualitative questions through the use of a special addendum section no more than twice per year. The data are used to construct universe estimates of finance company holdings, which are published in the monthly statistical releases Finance Companies (G.20) and Consumer Credit (G.19), and in the quarterly statistical release Financial Accounts of the United States (Z.1).

Frequency: Monthly.

Respondents: Sample of 150 finance companies.
