

the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202-693-0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The collection of information provisions of the standard specify affixing identification tags or markings on rigging equipment, developing and maintaining inspection records, and retaining proof-testing certificates. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on August 28, 2023 (88 FR 58620).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL-OSHA.

Title of Collection: Rigging Equipment for Material Handling.

OMB Control Number: 1218-0233.

Affected Public: Private Sector—Businesses or other for-profits.

Total Estimated Number of Respondents: 115,829.

Total Estimated Number of Responses: 263,953.

Total Estimated Annual Time Burden: 49,160 hours.

Total Estimated Annual Other Costs Burden: \$0.

(Authority: 44 U.S.C. 3507(a)(1)(D))

Nicole Bouchet,

Senior Paperwork Reduction Act Analyst.

BILLING CODE 4510-26-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (23-116); Document Number NASA-23-XXX; Docket Number-NASA-2022-0002]

National Environmental Policy Act; Mars Sample Return Campaign

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of availability of the Mars Sample Return (MSR) Campaign Record of Decision (ROD) for the Final Programmatic Environmental Impact Statement (PEIS).

SUMMARY: NASA announces its decision to implement the flight elements of the MSR Campaign. NASA's decision is supported by the detailed analysis found in the Final PEIS, as summarized in the agency's ROD, the availability of which is located under **ADDRESSES**.

Cooperating agencies for the MSR Campaign effort include the Department of the Air Force (DAF) for Hill Air Force Base, Utah, and Cape Canaveral Space Force Station, Florida; the Department of the Army for Dugway Proving Ground; the U.S. Department of Agriculture; and the U.S. Department of Health and Human Services—Centers for Disease Control and Prevention.

ADDRESSES: The complete text of the Tier 1 ROD for the MSR Campaign, as well as the Draft and Final PEIS, along with other supporting informational materials, are available at <https://www.nasa.gov/feature/nepa-mars-sample-return-campaign>. All comments received on the Draft PEIS are available in their entirety on the MSR Campaign Docket at <https://www.regulations.gov/docket/NASA-2022-0002>.

FOR FURTHER INFORMATION CONTACT: Mr. Steve Slaten, NASA Jet Propulsion Laboratory, by electronic mail at Mars-sample-return-nepa@lists.nasa.gov or by telephone at 202-358-0016. For questions regarding viewing the Docket, please call the *Regulations.gov* Help Desk at telephone: 1-877-378-5457 (toll free) or 703-454-9859.

SUPPLEMENTARY INFORMATION: The MSR Campaign includes a series of flight elements to Mars and ground operations on Earth, including spacecraft launches from Earth to Mars, retrieving the samples on Mars, and delivering them to Earth for study. The Preferred Alternative consists of the sum of the following: (1) launch of the Sample Retrieval Lander (SRL) element from Cape Canaveral Space Force Station or Kennedy Space Center and launch of the Earth Return Orbiter (ERO), which includes the Earth Entry System (EES),

from the European Space Agency's launch facility in French Guiana; (2) landing of the EES (containing the retrieved Martian samples) back on Earth at the DAF-managed Utah Test and Training Range (UTTR); (3) recovery of the EES at UTTR, with supporting activities proposed at the U.S. Army-managed Dugway Proving Ground (DPG) in preparation for transfer of the EES with enclosed samples to a Sample Receiving Facility (SRF); (4) a programmatic review of representative modes of transportation of the EES from DPG to an SRF; and (5) a programmatic review of development and operation of representative types of an SRF. These last two ground elements of the MSR Campaign will be addressed under a forthcoming, tiered NEPA analysis and a separate ROD (*i.e.*, Tier 2 ROD).

The Final PEIS found that no significant adverse impacts are anticipated from implementing the MSR Campaign flight elements. NASA, in coordination with the DAF, will prepare a collaborative mitigation and monitoring plan to identify and track all short-term and long-term site preparation and EES recovery activities, non-discretionary requirements (*e.g.*, permit requirements), and Best Management Practices to ensure all actions to minimize potential environmental impacts associated with activities at DAF installations are accomplished in a timely and environmentally protective fashion.

Joel R. Carney,

Assistant Administrator, Office of Strategic Infrastructure.

NATIONAL SCIENCE FOUNDATION

Advisory Committee for Social, Behavioral & Economic Sciences; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation (NSF) announces the following meeting:

Name and Committee Code: Advisory Committee for Social, Behavioral & Economic Sciences (#1171).

Date and Time: December 14, 2023—10 a.m.—4 p.m. (Eastern); December 15, 2023—10 a.m.—3 p.m. (Eastern).

Place: NSF, 2415 Eisenhower Avenue, Alexandria, VA 22314, NSF Room W 2210/W 2220 (In-Person). The meeting will be held in a hybrid format, with some Advisory Committee members participating in person and others

participating virtually. For members of NSF and the external community, livestreaming and registration links will be available through the following page: <https://www.nsf.gov/sbe/advisory.jsp>.

Type of Meeting: Open.

Contact Persons: Garneski, John, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; Telephone: (703) 292-4519.

Purpose of Meeting: To provide advice, recommendations and counsel on major goals and policies pertaining to scientific programs and activities.

Agenda: Welcome, Introductions, Approval of Previous Advisory Committee (AC) Meeting Summary, and Preview of Agenda

Directorate for Social, Behavioral, and

Economic Sciences (SBE) Update Discussion on SBE and Artificial

Intelligence-related research Technology, Innovation, and

Partnerships and SBE

SBE activities aligned with NSF's

"Creating Opportunities Everywhere" portfolio

Dated: November 9, 2023.

Crystal Robinson,

Committee Management Officer.

NATIONAL SCIENCE FOUNDATION

Alan T. Waterman Award Committee; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub., L. 92-463, as amended), the National Science Foundation (NSF) announces the following meeting:

Name and Committee Code: Alan T. Waterman Award Committee (#1172).

Date and Time: January 29, 2024—12:30 p.m.–5:30 p.m. (Eastern).

Place: NSF, 2415 Eisenhower Avenue, Alexandria, VA 22314 (Virtual).

Type of Meeting: Closed.

Contact Persons: Gayle Pugh Lev, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; Telephone: 703-292-7589.

Purpose of Meeting: Virtual meeting to provide advice and recommendations in the selection of the Alan T. Waterman Award recipient(s).

Agenda: To review and evaluate nominations as part of the selection process for awards to be granted for the Alan T. Waterman Award program.

Reason for Closing: The nominations being reviewed include information of a personal nature where disclosure would constitute unwarranted invasions of personal privacy. These matters are exempt under 5 U.S.C. 552b(c), (4) and

(6) of the Government in the Sunshine Act.

Dated: November 9, 2023.

Crystal Robinson,

Committee Management Officer.

NATIONAL SCIENCE FOUNDATION

Request for Information (RFI) on NSF Public Access Plan 2.0: Ensuring Open, Immediate, and Equitable Access to National Science Foundation Funded Research

AGENCY: National Science Foundation (NSF).

ACTION: Request for information.

SUMMARY: The National Science Foundation (NSF) is seeking public input from the science and engineering research and education community on implementing NSF Public Access Plan 2.0: Ensuring Open, Immediate, and Equitable Access to National Science Foundation Funded Research. This plan, described in **SUPPLEMENTARY INFORMATION**, represents an update to NSF current public access requirements in response to recent White House Office of Science and Technology Policy guidance. A primary consideration during the development of NSF's plan has been potential equity impacts of public access requirements. NSF's goal is to improve equity throughout the research life cycle, making data and opportunities available to all researchers, including those from marginalized communities and historically under-resourced institutions of higher education in the U.S. NSF is committed to considering the needs of the diverse US research community, including identifying possible unintended consequences that the plan and its implementation could produce.

DATES: Interested persons or organizations are invited to submit comments on or before 11:59 p.m. (EST) on January 2, 2024.

ADDRESSES: The preferred method of response is to complete as much of the online RFI as you wish. However, if you cannot or do not wish to access this tool, comments submitted in response to this notice may also be submitted by the following methods:

Email: PublicAccess2-RFI@nsf.gov. Email submissions should be machine-readable and not be copy-protected. Submissions should include "RFI Response: NSF Public Access 2.0" in the subject line of the message.

Mail: Attn. Martin Halbert, 2415 Eisenhower Ave., Alexandria, VA 22314.

Responses may address one or as many topics as desired from the enumerated list provided in this RFI, noting the corresponding number of the topic(s) to which the response pertains. Submissions must not exceed 3 pages (exclusive of cover page) in 11-point or larger font, with a page number provided on each page. Responses should include the name of the person(s) or organization(s) filing the comment, as well as the respondent type (e.g., academic institution, advocacy group, professional society, community-based organization, industry, member of the public, government, other). Respondent's role in the organization may also be provided (e.g., researcher, administrator, student, program manager, journalist) on a voluntary basis.

No business proprietary information, copyrighted information, or personally identifiable information (aside from that requested above) should be submitted in response to this RFI. Comments submitted in response to this RFI will be used internally at NSF and may be shared with other Federal agencies. Any online or public release of data will only be in aggregate form to protect the identity of submitters. Please note that all questions are optional.

FOR FURTHER INFORMATION CONTACT: For additional information, please direct questions to Martin Halbert at PublicAccess2-RFI@nsf.gov, (703) 292-5111.

SUPPLEMENTARY INFORMATION: The U.S. National Science Foundation Public Access Plan 2.0: Ensuring Open, Immediate, and Equitable Access to National Science Foundation Funded Research has been prepared in response to the memorandum dated August 25, 2022, from the White House Office of Science and Technology Policy, or OSTP, titled Ensuring Free, Immediate, and Equitable Access to Federally Funded Research, and signed by Alondra Nelson. It updates NSF's original public access plan, Today's Data, Tomorrow's Discoveries: Increasing Access to the Results of Research Funded by the National Science Foundation, dated March 18, 2015.

Broadly, Public Access Plan 2.0: Ensuring Open, Immediate, and Equitable Access to National Science Foundation Funded Research describes how:

- all peer-reviewed scholarly publications resulting from NSF-funded research will be made freely available
