SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Faculty Loan Repayment Program OMB No. 0915-0150—Revision.

Abstract: HRSA administers the Faculty Loan Repayment Program (FLRP). FLRP provides health professionals from disadvantaged backgrounds based on environmental and/or economic factors the opportunity to enter into a contract with the Department of Health and Human Services to receive repayment of qualifying educational loans in exchange for a minimum of 2 years of service as a full-time or part-time faculty member at an eligible health professions school. The applicant completes and submits an electronic application that identifies for the Secretary of Health and Human Services that the applicant comes from an economically or environmentally disadvantaged background who has a contract with an eligible health professions school to

serve as a full-time or part-time faculty member for a minimum of 2 years and has qualifying outstanding educational loans. In addition, for each undergraduate and/or graduate loan for which repayment is sought, the applicant is required to submit loan documentation verifying the establishment of the educational loan(s) and lender account statements, promissory notes including the original date, and current balance of the outstanding educational loan(s). The sole change in this version of the ICR from previous ICR versions is that there is an increase in the estimated burden hours related to an increased number of respondents/applicants to the FLRP.

A 60-day notice published in the **Federal Register** on September 5, 2023, vol. 88, No. 170; pp. 60693-94. There were no public comments.
