

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

“Publication of proposed regulations”, 41 U.S.C. 1707, is the statute which applies to the publication of the Federal Acquisition Regulation. Paragraph (a)(1) of the statute requires that a procurement policy, regulation, procedure or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because NASA is not issuing a new regulation; rather, this rule is merely deleting Alternate I to NFS clause 1852.215–84 Ombudsman since the alternate to the clause is no longer needed.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804. requirements with which vendors must comply.

IV. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a “major rule” may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This rule has been reviewed and determined by OMB not to be a “major rule” under 5 U.S.C. 804(2).

V. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) does not apply to this rule, because an opportunity for public comment is not required to be given for this rule under 41 U.S.C. 1707(a)(1) (see Section II. of this preamble). Accordingly, no regulatory flexibility analysis is required, and none has been prepared.

VI. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Parts 1815 and 1852

Government procurement.

Erica D. Jones,

NASA FAR Supplement Manager.

Accordingly, NASA amends 48 CFR parts 1815 and 1852 as follows:

- 1. The authority citation for parts 1815 and 1852 continue to read as follows:

Authority: 51 U.S.C. 20113(a) and 48 CFR chapter 1.

PART 1815—CONTRACTING BY NEGOTIATION

- 2. Revise section 1815.7003 to read as follows:

1815.7003 Contract clause.

The contracting officer shall insert a clause substantially the same as the one at 1852.215–84, Ombudsman, in all solicitations (including draft solicitations) and contracts.

PART 1852—SOLICITATION PROVISIONS AND CONTRACT CLAUSES

- 3. Amend section 1852.215–84 by:
 - a. Revising the date of the clause and paragraph (b); and
 - b. Removing ALTERNATE I.

The revisions read as follows:

1852.215–84 Ombudsman.

* * * * *

Ombudsman (NOV 2023)

* * * * *

(b) If resolution cannot be made by the contracting officer, interested parties may contact the installation ombudsman, whose name, address, telephone number, facsimile number, and email address may be found at <https://www.hq.nasa.gov/office/procurement/regs/Procurement->

Ombuds-Comp-Advocate-Listing.pdf. Concerns, issues, disagreements, and recommendations which cannot be resolved at the installation may be referred to the Agency ombudsman identified at the above URL. Please do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the Contracting Officer or as specified elsewhere in this document.

(End Clause)

BILLING CODE 7510–13–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 221215–0272; RTID 0648–XD537]

Fisheries of the Northeastern United States; Atlantic Bluefish Fishery; Quota Transfers From NY and MD to NC

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of quota transfers.

SUMMARY: NMFS announces that the States of New York and Maryland are transferring a portion of their 2023 commercial bluefish quota to the State of North Carolina. These adjustments to the 2023 fishing year quotas are necessary to comply with the Atlantic Bluefish Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised 2023 commercial bluefish quotas for New York, Maryland, and North Carolina.

DATES: Effective November 17, 2023, through December 31, 2023.

FOR FURTHER INFORMATION CONTACT: Laura Deighan, Fishery Management Specialist, (978) 281–9184.

SUPPLEMENTARY INFORMATION: Regulations governing the Atlantic bluefish fishery are found in 50 CFR 648.160 through 648.167. These regulations require annual specification of a commercial quota that is apportioned among the Coastal States from Maine through Florida. The process to set the annual commercial quota and the percent allocated to each State is described in § 648.162, and the final 2023 allocations were published on December 21, 2022 (87 FR 78011).

The final rule implementing Amendment 1 to the Bluefish Fishery Management Plan (FMP), as published in the **Federal Register** on July 26, 2000 (65 FR 45844), provided a mechanism for transferring bluefish commercial quota from one State to another. Two or more States, under mutual agreement and with the concurrence of the NMFS Greater Atlantic Regional Administrator, can request approval to transfer or combine bluefish commercial quota under § 648.162(e)(1)(i) through (iii). The Regional Administrator must approve any such transfer based on the criteria in § 648.162(e). In evaluating requests to transfer a quota or combine quotas, the Regional Administrator shall consider whether: the transfer or combinations would preclude the

overall annual quota from being fully harvested; the transfer addresses an unforeseen variation or contingency in the fishery; and the transfer is consistent with the objectives of the FMP and the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The Regional Administrator has determined these three criteria have been met for the transfers approved in this notification.

New York is transferring 25,000 pounds (lb) (11,340 kilograms (kg)) and Maryland is transferring 50,000 lb (22,680 kg) to North Carolina, through mutual agreements of the States. These transfers were requested to ensure that North Carolina would not exceed its 2023 State quota. The revised bluefish quotas for 2023 are: New York, 535,031

lb (242,686 kg); Maryland, 65,409 lb (29,669 kg); and North Carolina, 1,639,077 lb (743,473 kg).

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR 648.162(e)(1)(i) through (iii), which was issued pursuant to section 304(b), and is exempted from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 15, 2023.

Kelly Denit,

*Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.*
