The Postal Service provides Commercial Base® pricing to online customers who prepare and pay for GXG shipments via USPS-approved payment methods (other than Click-N-Ship® service), with a discount below the published retail prices for GXG service. Priority Mail Express International

Priority Mail Express International (PMEI) service provides fast service to approximately 180 countries in 3-5 business days for many major markets, although the actual number of days may vary based upon origin, destination, and customs delays. PMEI with Money-Back Guarantee service is available for certain destinations. (Due to COVID-19 service impacts, PMEI with Money-Back Guarantee service has been suspended for several destinations until further notice. For more information, see the USPS Service Updates page on www.usps.com.) The price increase for PMEI service averages 5.4 percent. The Commercial Base price provides a discount below the published retail

prices for customers who prepare and pay for PMEI shipments via permit imprint, online at USPS.com®, or as registered end-users using an authorized PC Postage vendor (with the exception of Click-N-Ship service). Customers who prepare PMEI shipments via Click-N-Ship service pay retail prices. Commercial Plus will be equivalent to Commercial Base; however, deeper discounting may still be available to customers through negotiated service agreements.

The Postal Service will continue to include PMEI service in customized contracts offered to customers who meet certain revenue thresholds and are willing to commit a larger amount of revenue to the USPS® for PMEI service and PMI service.

PMEI flat rate pricing continues to be available for Flat Rate Envelopes.

Priority Mail International

Priority Mail International (PMI) is an economical way to send merchandise and documents to approximately 180 countries in 6-10 business days for many major markets, although the actual number of days may vary based upon origin, destination, and customs delays. The price increase for PMI service averages 5.4 percent. The Commercial Base price provides a discount below the published retail prices for customers who prepare and pay for PMI items via permit imprint, online at USPS.com, or as registered end-users using an authorized PC Postage vendor (with the exception of Click-N-Ship). Customers who prepare PMI shipments via Click-N-Ship pay retail prices. Commercial Plus prices will be equivalent to Commercial Base; however, deeper discounting may still be made available to customers through negotiated service agreements.

The Postal Service will continue to include PMI service in customized contracts offered to customers who meet certain revenue thresholds and are willing to commit to a larger amount of revenue to the USPS for PMEI and PMI.

The price increase for FCPIS averages 6.4 percent. The Commercial Base price provides a discount below the published retail prices for customers who prepare and

IPA shipments are typically flown to foreign destinations (exceptions apply to Canada) and are then entered into that country's air or surface priority mail system for delivery. The price increase for IPA is 5.5 percent. International Surface Airlift (ISAL) is like IPA except that once flown to the foreign destination, ISAL is entered into that country's air or surface nonpriority mail system for delivery. The price increase for ISAL is 3.5 percent.
