SUPPLEMENTARY INFORMATION: On May 24, 2021 (86 FR 27942), FTA and Capital Metro issued a NOI to prepare an EIS for the Blue Line LRT project. The project is part of Capital Metro's 2018 Project Connect Long-Term Vision Plan (Project Connect), as amended in 2020. Project Connect presents a regional vision for high-capacity transit investments that would add mobility options for the Central Texas region. The project would have constructed an approximately 8.2-mile LRT line from Republic Square in downtown Austin to Austin-Bergstrom International Airport (AUS).

As planning and preliminary engineering progressed, it became evident that due to higher than projected cost estimates from inflationary pressure, escalating real estate costs, and scope advancement, the approach and phasing for implementation of the LRT system would need to be refined to make the project economically feasible. Therefore, ATP, an independent local government corporation formed by the City and Capital Metro to design, construct, and implement Project Connect, undertook a public planning process to define an economically feasible and expandable LRT system that would meet regional transportation goals and objectives of Project Connect. After a robust community engagement process, on June 6, 2023, a proposed Austin Light Rail Phase 1 project was unanimously approved by Capital Metro, ATP, and the City to advance into the next phase of implementation. This proposed project includes combining segments of the Orange and Blue LRT projects into one LRT project. Based on the foregoing, FTA is rescinding the May 24, 2021, NOI for the Blue Line LRT project.

Comments and questions concerning this notice should be directed to FTA at the address provided above.

Gail Lyssy,

Regional Administrator, FTA Region VI.
