

multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by IES under 34 CFR 75.118. IES may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* To evaluate the overall success of its education research grant programs, IES annually assesses the percentage of projects that result in peer-reviewed publications and the number of IES-supported interventions with evidence of efficacy in improving learner education outcomes. Student academic outcomes include learning and achievement in academic content areas, such as reading, writing, math, and science, as well as outcomes that reflect students' successful progression through the education system, such as course and grade completion; high school graduation; and postsecondary enrollment, progress, and completion. Social and behavioral competencies include social and emotional skills, attitudes, and behaviors that are important to academic and post-academic success. Employment and earnings outcomes include hours of

employment, job stability, and wages and benefits, and may be measured in addition to student academic outcomes.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, IES considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; whether a grantee is in compliance with the IES policy regarding public access to research; and if IES has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, IES also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SUPPLEMENTARY INFORMATION: Direct Subsidized Loans, Direct Unsubsidized Loans, Direct PLUS Loans, and Direct Consolidation Loans (collectively referred to as “Direct Loans”) may have either fixed or variable interest rates, depending on when the loan was first disbursed or, in the case of a Direct Consolidation Loan, when the application for the loan was received. Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after July 1, 2006, and Direct Consolidation Loans for which the application was received on or after February 1, 1999, have fixed interest rates that apply for the life of the loan. Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed before July 1, 2006, and Direct Consolidation Loans for which the application was received before February 1, 1999, have variable interest rates that are determined annually and are in effect during the period from July 1 of one year through June 30 of the following year.

This notice announces the fixed interest rates for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans with first disbursement dates on or after July 1, 2023, and before July 1, 2024, and provides interest rate information for other fixed-rate Direct Loans. Interest rate information for variable-rate Direct Loans is announced in a separate **Federal Register** notice.

Fixed-Rate Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans First Disbursed on or After July 1, 2013

Section 455(b) of the Higher Education Act of 1965, as amended (HEA) (20 U.S.C. 1087e(b)), includes formulas for determining the interest rates for all Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after July 1, 2013. The interest rate for these loans is a fixed rate that is determined annually for all loans first disbursed during any 12-month period beginning on July 1 and ending on June 30. The rate is equal to the high yield of the 10-

year Treasury notes auctioned at the final auction held before June 1 of that 12-month period, plus a statutory add-on percentage that varies depending on the loan type and, for Direct Unsubsidized Loans, whether the loan was made to an undergraduate or graduate student. The calculated interest rate may not exceed a maximum rate specified in the HEA. If the interest rate formula results in a rate that exceeds the statutory maximum rate, the rate is the statutory maximum rate. Loans first disbursed during different 12-month periods that begin on July 1 and end on June 30 may have different interest rates, but the rate determined for any loan is a fixed interest rate for the life of the loan.

On May 10, 2023, the United States Treasury Department held a 10-year Treasury note auction that resulted in a high yield of 3.448 percent.

Chart 1 shows the fixed interest rates for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans first disbursed on or after July 1, 2023, and before July 1, 2024.

686.42(b) for the TEACH Grant Program. A final rule published on November 1, 2022 (87 FR 65904) made changes to the TPD discharge regulations, including an expansion of the types of Social Security Administration (SSA) disability determinations that qualify a borrower or TEACH Grant recipient for TPD discharge; elimination of the requirement for borrowers who receive TPD discharges based on SSA determinations or a physician’s certification to provide documentation of their annual earnings from employment during the 3-year post-discharge monitoring period; and expansion of the categories of medical professionals who may certify an individual’s TPD discharge application which necessitate the updating of this information collection. We have also revised the form based on public comment and internal review for ease of use and clarity. We have moved definitions to the front to allow users to know if their loans can be included on this form. We have moved forward where the completed form is to be sent and how to get assistance in completing the form. Further explanation of changes are in the attached comment response table.
