DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–6432–N–01]

Notice of Certain Operating Cost Adjustment Factors for 2024

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: This notice establishes operating cost adjustment factors (OCAFs) for project-based assistance contracts issued under Section 8 of the United States Housing Act of 1937 and renewed under the Multifamily Assisted Housing Reform and Affordability Act of 1997 (MAHRA) for eligible multifamily housing projects having an anniversary date on or after February 11, 2024. OCAFs are annual factors used to adjust Section 8 rents renewed under section 515 or section 524 of MAHRA.

DATES: Applicability Date: February 11, 2024.

FOR FURTHER INFORMATION CONTACT: Jennifer Lavorel, Director, Program Administration Office, Office of Asset Management and Portfolio Oversight, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; telephone number 202–402–2515 (this is not a toll-free number). speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

SUPPLEMENTARY INFORMATION:

I. Background

Section 514(e)(2) and section 524(c)(1) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (MAHRA) (42 U.S.C. 1437f note), as amended, require HUD to establish guidelines for the development of operating cost adjustment factors (OCAFs) for rent adjustments. Similar language is found in sections 524(a)(4)(C)(i), 524(b)(1)(A), and 524(b)(3)(A) of MAHRA, all of which prescribe the use of the OCAF in the calculation of renewal rents. MAHRA gives HUD broad discretion in setting OCAFs. For example, sections 524(a)(4)(C)(i), 524(b)(1)(A), 524(b)(3)(A), and 524(c)(1), simply refer to “an operating cost adjustment factor established by the Secretary.” HUD uses a single methodology for establishing OCAFs. The sole limitation to this grant of authority is a specific requirement in each of the foregoing provisions that application of an OCAF “shall not result in a negative adjustment.”

OCAFs vary among states and territories. Contract rents are adjusted by applying the OCAF for the state or territory in which the subject project is located to that portion of the rent attributable to operating expenses exclusive of debt service.

The OCAFs provided in this notice are applicable to eligible projects having a contract anniversary date on or after February 11, 2024.

II. OCAF Data Sources

OCAFs are calculated as the sum of weighted component cost changes for electricity, employee benefits/employee wages, fuel oil, goods/supplies/equipment, insurance, natural gas, property taxes, and water/sewer/trash using publicly available indices. The weights used in the OCAF calculations for each of the nine cost component groupings are set using current percentages attributable to each of the nine expense categories. The nine cost component weights are calculated at the state level, which is the lowest level of geographical aggregation with enough projects to permit statistical analysis. These data are not available for the Western Pacific Islands, so data for Hawaii are used as the best available indicator of OCAFs for these areas. HUD calculates weights using three years of audited Annual Financial Statements from projects covered by OCAFs. The
