Change in Rates and Classes of General Applicability for Competitive Products

AGENCY: Postal Service™.

SUMMARY: This notice sets forth changes in rates and classifications of general applicability for competitive products.

DATES: *Applicability date:* No earlier than July 1, 2024.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Reed, 202–268–3179.

SUPPLEMENTARY INFORMATION:

On November 13, 2023, pursuant to their authority under 39 U.S.C. 3632, the Governors of the Postal Service established prices and classification changes for competitive products to establish Zone 10 prices for Priority Mail Express, Priority Mail, and USPS Ground Advantage. The Governors' Decision and the record of proceedings in connection with such decision are reprinted below in accordance with section 3632(b)(2). Mail Classification Schedule language containing the new prices and classification changes can be found at www.prc.gov.

Colleen Hibbert-Kapler,

Attorney, Ethics and Legal Compliance.

Decision of the Governors of the United States Postal Service on Changes in Rates and Classifications of General Applicability for Competitive Products (Governors' Decision No. 23–6)

November 14, 2023

Statement of Explanation and Justification

Pursuant to authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 (“PAEA”), we establish prices and classifications of general applicability for certain competitive products in order to establish Zone 10 rates for offshore locations. Specifically, Zone 10 rates will be added to the price charts for the Postal Service’s “full network” competitive products: Priority Mail Express, Priority Mail, and USPS Ground Advantage. The rates will apply to mail destined in Alaska, Hawaii, and US Territories, and not originating in the same state or territory. Prices are designed to be five percent higher than the January 2024 proposed prices for Zone 8. Additionally, USPS Ground Advantage prices for Zone 9 will be increased to align with the new Zone 10 prices. Classification changes will be made in the relevant price charts to include new columns for Zone 10 prices. A detailed description of the changes can be found in the Postal Service’s associated draft Mail Classification Schedule change document. That document contains the draft Mail Classification Schedule sections with classification changes in legislative format, and new prices displayed in the price charts.

As shown in the nonpublic annex being filed under seal herewith, the changes we establish should enable each affected competitive product to cover its attributable costs (39 U.S.C.

3633(a)(2)) and should result in competitive products as a whole complying with 39 U.S.C. 3633(a)(3), which, as implemented by 39 CFR 3035.107(c), requires competitive products collectively to contribute a minimum of 9.9 percent to the Postal Service’s institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise (39 U.S.C. 3633(a)(1)). We therefore find that the new prices and classification changes are in accordance with 39 U.S.C. 3632–3633 and 39 CFR 3035.102 and 104.

Order

The changes in prices and classes set forth herein shall be effective no earlier than July 1, 2024, on a date and time determined at the discretion of management. We direct the Secretary to have this decision published in the **Federal Register** in accordance with 39 U.S.C. 3632(b)(2) and direct management to file with the Postal Regulatory Commission appropriate notice of these changes.

By The Governors:

Chairman, Board of Governors.

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by

OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) the practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. Title and purpose of information collection: Application and Claim for Unemployment Benefits and Employment Service; OMB 3220–0022.

Section 2 of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 231), provides unemployment benefits for qualified railroad employees. These benefits are generally payable for each day of unemployment in excess of four during a registration period (normally a period of 14 days).

Section 12 of the RUIA provides that the RRB establish, maintain and operate free employment facilities directed toward the reemployment of railroad employees. The procedures for applying for the unemployment benefits and employment service and for registering and claiming the benefits are prescribed in 20 CFR 325.

The RRB utilizes the following forms to collect the information necessary to pay unemployment benefits: Form UI–1 (or its internet equivalent, Form UI–1 (Internet)), *Application for Unemployment Benefits and Employment Service*, is completed by a claimant for unemployment benefits once in a benefit year, at the time of first registration. Completion of Form UI–1 or UI–1 (Internet) also registers an unemployment claimant for the RRB’s employment service.

The RRB also utilizes Form UI–3, (or its internet equivalent Form UI–3 (Internet)) *Claim for Unemployment Benefits* for use in claiming unemployment benefits for days of unemployment in a particular registration period, normally a period of 14 days.

Completion of Forms UI–1, UI–1 (Internet), UI–3 and UI–3 (Internet) is required to obtain or retain benefits. The number of responses required of each claimant varies, depending on their period of unemployment.
