\* The Standards Council of Canada  
(SCC) voted to end its Laboratory  
Accreditation Program for Substance  
Abuse (LAPSA) effective May 12, 1998.  
Laboratories certified through that  
program were accredited to conduct  
forensic urine drug testing as required  
by U.S. Department of Transportation  
(DOT) regulations. As of that date, the  
certification of those accredited  
Canadian laboratories will continue  
under DOT authority. The responsibility  
for conducting quarterly performance  
testing plus periodic on-site inspections  
of those LAPSA-accredited laboratories  
was transferred to the U.S. HHS, with  
the HHS' NLCP contractor continuing to  
have an active role in the performance  
testing and laboratory inspection  
processes. Other Canadian laboratories  
wishing to be considered for the NLCP  
may apply directly to the NLCP  
contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to  
be qualified, HHS will recommend that  
DOT certify the laboratory (61 FR 37015,  
July 16, 1996) as meeting the minimum  
standards of the Mandatory Guidelines  
published in the **Federal Register** on  
January 23, 2017 (82 FR 7920). After  
receiving DOT certification, the  
laboratory will be included in the  
monthly list of HHS-certified  
laboratories and participate in the NLCP  
certification maintenance program.

**Agency Information Collection  
Activities: Submission for OMB  
Review; Comment Request**

Periodically, the Substance Abuse and  
Mental Health Services Administration  
(SAMHSA) will publish a summary of  
information collection requests under  
OMB review, in compliance with the  
Paperwork Reduction Act (44 U.S.C.  
chapter 35). To request a copy of these  
documents, call the SAMHSA Reports  
Clearance Officer on (240) 276-0361.

**Proposed Project: 988 Cooperative  
Agreements Monitoring Program (OMB  
No. 0930-0290)—New ICR**

The Substance Abuse and Mental  
Health Services Administration  
(SAMHSA) is seeking Office of  
Management and Budget (OMB)  
Emergency approval for new  
information collection activities for  
monitoring all of SAMHSA's 988  
Cooperative Agreements. The collection  
of this information is critical to  
successfully oversee operational  
response and quality of service through  
the 988 Suicide and Crisis Lifeline to  
ensure connections to care for  
individuals in suicidal crisis or  
emotional distress contacting in for 988  
phone, chat, and text support for  
connecting local, state/territory and  
national outcomes and monitoring  
contractual obligations for current and  
future 988 grant programs. Much of this  
information is already embedded in the  
current 988 Suicide and Crisis Lifeline  
network administrator grants, the 988  
state and territory grant program, or the  
988 Tribal Response grant program.

Congress designated 988 in 2020 and  
the Lifeline transitioned to the 3-digit  
number in July 2022. As a part of the  
federal government's commitment to  
addressing the mental health crisis in  
America, unprecedented federal  
resources have been invested to scale up  
crisis centers in support of 988. In  
section 1103(a)(2)(B) of the  
Consolidated Appropriations Act, 2023,  
Congress called for enhanced program  
evaluation, including performance  
measures to assess program response  
and improve readiness and performance  
of the service, including review of each  
contact to ensure timely connection of  
service and quality provision in line  
with evidence-based care. To help meet  
the standards and requirements set forth  
in statute, ongoing communication of  
key outcomes within this OMB request

must be received and reviewed to  
ensure connection and quality of care  
through 988.

The information being collected will  
be used by SAMHSA to ensure  
individuals in suicidal crisis can contact  
988 Suicide and Crisis Lifeline and are  
connected to crisis centers provided  
evidence-based care and able to receive  
critical resource referral and linkage,  
including opportunities for mobile crisis  
support, crisis receiving and stabilizing  
facilities, peer respite centers and  
withdrawal management services. The  
four programs to be monitored and  
evaluated include the Tribal  
Cooperative Agreements, State and  
Territory Cooperative Agreements, 988  
Crises Center Follow-up Cooperative  
Agreements, and the 988 Lifeline  
Administrator.

The purpose of the Tribal Cooperative  
Agreements is to provide resources to  
improve response to 988 contacts  
(including calls, chats, and texts)  
originating in Tribal communities and/  
or activated by American Indians/  
Alaska Natives. The information  
collection instruments include Tribal  
Government: Semi Annual Progress  
Report, Tribal Government: Monthly  
Meeting Agenda, Tribal Government:  
Quality Improvement Plan.

The purpose of the State and Territory  
Cooperative Agreements is to improve  
state and territory response to 988  
contacts (including calls, chats, and  
texts) originating in the state/territory.  
The information collection instruments  
include State/Territory: Monthly Key  
Metrics, State/Territory: Quarterly  
Report Template, State/Territory:  
Programmatic QI Plan (Annual  
Collection), State/Territory: Monthly  
Meeting Call Agenda, State/Territory:  
Chat and Text Report (Annual  
Collection), State/Territory:  
Communications Plan (Annual  
Collection), State/Territory:  
Sustainability Plan (Annual Collection),  
State/Territory: Mobile Crisis and 988-  
911 reports (Annual Collection).

The purpose of the 988 Crisis Center  
Follow Up Cooperative Agreements is to  
provide a crisis center response that  
ensures the systematic follow-up of  
suicidal persons who contact a 988  
Suicide and Crisis Lifeline (988 Lifeline)  
Crisis Center; provides enhanced  
coordination of crisis stabilization,  
crisis respite, mobile crisis outreach  
(MCO) response services and other  
services on the crisis continuum of care;  
reduces unnecessary police engagement  
and; improves connections for high-risk  
populations. The information collection  
instruments include Crisis Center Data  
Reporting Elements and Crisis Center  
Monthly Agenda Template.

Finally, the purpose of the 988 Lifeline Administrator is to manage, enhance, and strengthen the 988 Lifeline network that routes individuals in the United States to a network of certified crisis centers that link to local emergency, mental health, and social

services resources. The information collection instruments include Instrument 1: Lifeline Key Metrics (Monthly) and Instrument 2: Monthly Progress Reports.

The total annualized burden to an estimated 529 respondents for the 988

Cooperative Agreements programs combined monitoring is estimated to be 2,944 hours. Burden estimates are based on the data collection requirements and the amount of respondents. These estimated burden hours over three years are as follows:
