VIII. Other Information

The Public Health Service strongly encourages all grant, cooperative agreement, and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

Request for Information on the Coast Guard Implementation of a Western Alaska Oil Spill Planning Criteria Program

AGENCY: Coast Guard, DHS.

ACTION: Request for information.

SUMMARY: The Don Young Coast Guard Authorization Act of 2022 mandated the Coast Guard create planning criteria for vessel response plans (VRPs) distinct to the Western Alaska and Prince William Sound Captain of the Port zones. These criteria must include minimum response times, improvements to wildlife response, and consideration of prevention and mitigation measures. The Coast Guard seeks input from the public to establish these VRP planning criteria. The information will assist the Coast Guard in potentially developing a regulatory proposal to support the mandate.

DATES: Comments must be received by the Coast Guard on or before March 4, 2024.
