[Docket No. FAA–2023–2372]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Application for Certificate of Waiver or Authorization

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. This collection affects persons who have a need to deviate from certain regulations that govern use of airspace within the United States. The request also describes the burden associated with authorizations to make parachute jumps and operate unmanned aircraft (including moored balloons, kites, unmanned rockets, and small unmanned free balloons) and small unmanned aircraft systems.

DATES: Written comments should be submitted by February 5, 2024.

ADDRESSES: Please send written comments:

By Electronic Docket: www.regulations.gov (Enter docket number into search field).

By mail: Chris Morris, 800 Independence Ave. SW, Washington, DC 20591.

By email: chris.morris@faa.gov.

FOR FURTHER INFORMATION CONTACT:

Raymond Plessinger by email at: raymond.plessinger@faa.gov; phone: (717) 774–8271.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity

of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

OMB Control Number: 2120–0027.

Title: Application for Certificate of Waiver or Authorization.

Form Numbers: FAA form 7711–2.

Type of Review: Renewal.

Background: The information collected by FAA Form 7711–2, Application for Certificate of Waiver or Authorization, is reviewed and analyzed by the FAA to determine the type and extent of the intended deviation from prescribed regulations. A certificate of waiver or authorization to deviate is generally issued to the applicant (individuals and businesses) if the proposed operation does not create a hazard to persons, property, or other aircraft, and includes the operation of unmanned aircraft. Applications for certificates of waiver to the provisions of parts 91 and 101 are made by using FAA Form 7711–2. Application for authorization to make parachute jumps (other than emergency or military operations) under part 105, section 105.15 (airshows and meets) also uses FAA Form 7711–2. Application for other types of parachute jumping activities are submitted in various ways; e.g., in writing, in person, by telephone, etc.

Persons authorized to deviate from provisions of part 101 are required to give notice of actual activities. Persons operating in accordance with the provisions of part 101 are also required to give notice of actual activities. In both instances, the notice of information required is the same. Therefore, the burden associated with applications for certificates of waiver or authorization and the burden associated with notices of actual aircraft activities are identified and included in this request for clearance.

Regarding operation of small unmanned aircraft systems under part 107, to obtain a certificate of waiver, an applicant will have to submit a request containing a complete description of the proposed operation and a justification, including supporting data and documentation as necessary that establishes that the proposed operation can safely be conducted under the terms of a certificate of waiver. The FAA expects that the amount of data and analysis required as part of the application will be proportional to the specific relief that is requested.

Respondents: 26,495, including approximately 5,500 annual

applications for waivers from certain sections of part 107.

Frequency: On occasion.

Estimated Average Burden per

Response: 45 minutes for non-part 107 waivers; 45.7 hours for part 107 waivers.

Estimated Total Annual Burden:

19,871 hours (not-part 107) + 251,520 (part 107) = 271,391 hours.

Issued in Washington, DC, on November 30, 2023.

D.C. Morris,

Aviation Safety Analyst, Flight Standards Service, General Aviation and Commercial Division.

Notice of Request To Release Airport Property

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Intent to rule on request to release airport property for land disposal at the Liberal Mid-America Regional Airport (LBL), Liberal, Kansas.

SUMMARY: The FAA proposes to rule and invites public comment on the release and sale of eleven parcels of land at the Liberal Mid-America Regional Airport (LBL), Liberal, Kansas.

DATES: Comments must be received on or before January 5, 2024.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Brian Fornwalt, Airport Manager, Liberal Mid-America Regional Airport, 302 Terminal Road, PO Box 2199, Liberal, KS 67901, (620) 626-0188.

FOR FURTHER INFORMATION CONTACT: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G 901 Locust Room 364, Kansas City, MO 64106, (816) 329-2603, amy.walter@faa.gov.

The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release and sell eleven tracts of land

in the airport industrial park totaling approximately 10.27 acres of airport property at the Liberal Mid-America Regional Airport (LBL) under the provisions of 49 U.S.C. 47107(h)(2). The Airport Manager has requested from the FAA the release of eleven tracts of airport property be released for sale for commercial use. The FAA determined the request to release and sell property at Liberal Mid-America Regional Airport (LBL) meets the procedural requirements of the Federal Aviation Administration and the release and sale of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

Liberal Mid-America Regional Airport (LBL) is proposing the release and sale of eleven tracts of land in the airport industrial park totaling approximately 10.27 acres of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the release of land and surface rights at the Liberal Mid-America Regional Airport (LBL) from the conditions of the AIP Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value and the property will continue to be used for commercial businesses by the existing tenants on these tracts.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, request an appointment and inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Liberal Mid-America Regional Airport.

Issued in Kansas City, MO, on December 1, 2023.

Edward A. Hyatt,

Acting Director, FAA Central Region, Airports Division.
