

when submitting projects for a loan guarantee. All applications that meet the minimum priority score will be processed on an ongoing basis and funds will be awarded continuously through August 30, 2024, subject to the availability of funding.

Beginning on September 3, 2024, all remaining unfunded B&I applications will compete for funds remaining after all state allocations are pooled into the National Office. Applications that do not meet the minimum applicable score will be allowed to compete in this funding competition if funding remains available. Any applications that remain unfunded after the funding competition will be handled as described in 7 CFR 5001.315(e).

Administrative Points

In the event there are not enough funds available to fund all applications during the funding competition beginning on September 3, 2024, projects that have a tie score can be awarded administrative points as outlined in 7 CFR 5001.318(e). These Administrative points will be awarded to applications that help meet the FY2024 Rural Development Priorities to:

1. Assist rural communities to recover economically through more and better market opportunities and through improved infrastructure.

2. Ensure all rural residents have equitable access to RD programs and benefits from RD funded projects.

3. Reduce climate pollution and increase resilience to the impacts of climate change through economic support for rural communities.

The Agency will verify that the project is located in an area that addresses these three priorities using the maps at <https://www.rd.usda.gov/priority-points/rural-development-priorities-fy-2024>. If a tie remains, the Agency will give priority to the project that will create and/or save the most jobs.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for a new generic clearance to collect performance and progress data from recipients and sub-recipients who receive funding from DOC under a discretionary grant or cooperative agreement. This information is required to monitor and report program performance.

DOC provides grants that promote the economic and social well-being of individuals and communities with partnerships, funding, guidance, training, and technical assistance. Currently, most program offices are using the standard grant forms (SF) for progress reporting, which require grantees to only respond to a common set of questions that often solicits incomplete information. This one-size-fits-all approach does not adequately collect the specific data needed for particular grant programs or allow program offices to assess continuous quality improvement. Different grant programs vary in purpose, target population, and activities. Thus, a need for program offices to customize performance measurements has been identified.

Therefore, this generic Program Specific Performance Progress Report collection is being proposed.

II. Method of Collection

Some program offices may use some form of electronic collection. This could include web pages, email or other online data management systems. Recipients may be required to enter and retrieve information pertinent to their awards through electronic forms closely resembling the paper forms (*i.e.*, fillable PDFs or tailored online data management systems). Such technology support is expected to improve standardization and timeliness of recipient reporting and to ease further analyses of reported data.

III. Data

OMB Control Number: 0690–NEW.

Form Number(s): Varies or None.

Type of Review: Regular submission. This is a new information collection.

Affected Public: Individuals or households; Private Sector; Not-for-profit institutions; State, Local, or Tribal government.

Estimated Number of Respondents: 5,000.

Estimated Time per Response: Varies.

Estimated Total Annual Burden Hours: 50,000.

Respondent's Obligation: Voluntary or Mandatory.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Belavia Belarusian Airlines, 4A, Nemiga str., Minsk, Belarus, 220004; Order Renewing Temporary Denial of Export Privileges

Pursuant to section 766.24 of the Export Administration Regulations, 15 CFR parts 730–774 (“EAR” or “the Regulations”),¹ I hereby grant the request of the Office of Export Enforcement (“OEE”) to renew the temporary denial order (“TDO”) issued in this matter on June 7, 2023. I find that renewal of this order is necessary in the public interest to prevent an imminent violation of the Regulations and that renewal for an extended period is appropriate because Belavia Belarusian Airlines (“Belavia”) has engaged in a pattern of repeated, ongoing and/or continuous apparent violations of the EAR.

I. Procedural History

On June 16, 2022, I signed an order denying Belavia’s export privileges for a period of 180 days on the ground that issuance of the order was necessary in the public interest to prevent an imminent violation of the Regulations. The order was issued *ex parte* pursuant to Section 766.24(a) of the Regulations and was effective upon issuance.² The TDO was subsequently renewed on

¹ On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which includes the Export Control Reform Act of 2018, 50 U.S.C. 4801–4852 (“ECRA”). While section 1766 of ECRA repeals the provisions of the Export Administration Act, 50 U.S.C. app. 2401 *et seq.* (“EAA”), (except for three sections which are inapplicable here), section 1768 of ECRA provides, in pertinent part, that all orders, rules, regulations, and other forms of administrative action that were made or issued under the EAA, including as continued in effect pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701 *et seq.* (“IEEPA”), and were in effect as of ECRA’s date of enactment (August 13, 2018), shall continue in effect according to their terms until modified, superseded, set aside, or revoked through action undertaken pursuant to the authority provided under ECRA. Moreover, section 1761(a)(5) of ECRA authorizes the issuance of temporary denial orders. 50 U.S.C. 4820(a)(5).

² The TDO was published in the **Federal Register** on June 22, 2022 (87 FR 37309).

December 13, 2022³ and again on June 7, 2023,⁴ in accordance with Section 766.24(d) of the Regulations.⁵

On November 13, 2023, BIS, through OEE, submitted a written request for a third renewal of the TDO. The written request was made more than 20 days before the TDO’s scheduled expiration and, given the temporary suspension of international mail service to Russia and Belarusia, OEE has attempted to serve a copy of the renewal request on Belavia in accordance with sections 766.5 and 766.24(d) of the Regulations. No opposition to the renewal of the TDO has been received.

II. Renewal of the TDO

A. Legal Standard

Pursuant to section 766.24, BIS may issue an order temporarily denying a respondent’s export privileges upon a showing that the order is necessary in the public interest to prevent an “imminent violation” of the Regulations, or any order, license or authorization issued thereunder. 15 CFR 766.24(b)(1) and 766.24(d). “A violation may be ‘imminent’ either in time or degree of likelihood.” 15 CFR 766.24(b)(3). BIS may show “either that a violation is about to occur, or that the general circumstances of the matter under investigation or case under criminal or administrative charges demonstrate a likelihood of future violations.” *Id.* As to the likelihood of future violations, BIS may show that the violation under investigation or charge “is significant, deliberate, covert and/or likely to occur again, rather than technical or negligent[.]” *Id.* A “lack of information establishing the precise time a violation may occur does not preclude a finding that a violation is imminent, so long as there is sufficient reason to believe the likelihood of a violation.” *Id.*

If BIS believes that renewal of a denial order is necessary in the public interest to prevent an imminent violation, it may file a written request for renewal, with any modifications if appropriate. 15 CFR 766.24(d)(1). The written request, which must be filed no later than 20 days prior to the TDO’s expiration, should set forth the basis for BIS’s belief

³ The December 13, 2022 renewal order was published in the **Federal Register** on December 19, 2022 (87 FR 77550).

⁴ The June 7, 2023 renewal order was published in the **Federal Register** on June 13, 2023 (88 FR 38483).

⁵ At the time of the renewal, section 766.24(d) provided that BIS may seek renewal of a temporary denial order for additional 180-day renewal periods, if it believes that renewal is necessary in the public interest to prevent an imminent violation.
