SUPPLEMENTARY INFORMATION:

Background

On November 14, 2023, the U.S. Department of Commerce (Commerce) initiated countervailing duty investigations of imports of frozen warmwater shrimp from Ecuador, India, Indonesia, and Vietnam.¹ Currently, the preliminary determinations are due no later than January 18, 2024.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 27, 2023, the petitioner² submitted a timely request to postpone the preliminary determinations in these investigations.³ The petitioner stated that postponement of the preliminary determinations is necessary because the current schedule does not provide adequate time for a

complete analysis given the complexity of the issues in these cases and the number of subsidy programs under investigation in each.⁴

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determinations, and Commerce finds there are no compelling reasons to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations to no later than 130 days after the day on which these investigations were initiated, *i.e.*, March 25, 2024.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Non-Refillable Steel Cylinders From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2020–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain producers and/or exporters made sales of non-refillable steel cylinders (non-refillable cylinders) from the People’s Republic of China (China) at less than normal value, and one company had no shipments of subject merchandise during the period of review (POR), October 30, 2020, through April 30, 2022.

⁴ *Id.*

⁵ Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, March 23, 2024. Commerce’s practice dictates that where a deadline falls on a weekend or a federal holiday, the appropriate deadline is the next business day. Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties regarding our *Preliminary Results*, we made certain changes to the margin calculation for mandatory respondent Wuyi Xilinde Machinery Manufacture Co., Ltd. (Wuyi Xilinde), and consequently, the rate assigned to the non-examined separate rate respondents.⁶ For detailed information, see the Issues and Decision Memorandum.

Final Determination of No Shipments

In the *Preliminary Results*, we preliminarily determined that Zhejiang Kin-Shine Technology Co., Ltd. (Zhejiang Kin-Shine) had no shipments of subject merchandise to the United States during the POR.⁷ No party filed comments with respect to this preliminary determination, and we received no information to contradict it. Therefore, we continue to find that Zhejiang Kin-Shine had no shipments of subject merchandise during the POR and will issue appropriate liquidation instructions that are consistent with our “automatic assessment” instructions for these final results.⁸

Separate Rate Respondents

In our *Preliminary Results*, we determined that Wuyi Xilinde, and two other companies demonstrated their eligibility for separate rates.⁹ We received no information or arguments since the issuance of the *Preliminary Results* that provide a basis for reconsideration of these determinations. Therefore, for these final results, we continue to find that the two companies listed in the table in the “Final Results” section of this notice are each eligible for a separate rate, in addition to Wuyi Xilinde.
