## DEPARTMENT OF AGRICULTURE

### Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 22, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number, and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

### Animal and Plant Health Inspection Service

Title: APHIS Pest Reporting and Asian Longhorned Beetle Program.

OMB Control Number: 0579–0311.

*Summary of Collection:* Under the Plant Protection Act (7 U.S.C. 7701, *et seq.*), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into, or their dissemination within, the United States. Plant health regulations promulgated by the United States Department of Agriculture under this authority specifically address control programs for a number of pests and diseases of concern, including Asian longhorned beetle, emerald ash borer beetle, and citrus greening, to name a few. The Animal and Plant Health Inspection Service (APHIS) will collect information using a Plant Protection and Quarantine pest reporting form and Asian longhorned beetle unified survey form, and other information collection activities.

*Need and Use of the Information:* APHIS relies on the public to report sightings of plant pests or suspicious signs of pest or disease damage they may see in their local area. This reporting will be done through online forms for reporting pests, and additional information collection activities such as cooperative agreements for inspection; compliance training workshops; contracts for inspection; homeowner releases or refusals to inspect; homeowner chemical treatment releases; letters of warning of litigation and warrant; litigations and warrants; homeowner releases for tree removal; removals and monitoring; contracts for treatment; removals and disposals; disposal and marshalling yard activities; and certificate or permit cancellation appeals.

Failing to collect this information could result in APHIS not receiving information about where infestations may exist, causing them to linger unreported and grow. Infestations of high-consequence pests or diseases, such as Asian longhorned beetle, emerald ash borer beetle, citrus greening, and others, could lead to significant economic damage to crops, forests, and landscapes.

*Description of Respondents:* Individuals; Business or other for-profit; State, Local, and Tribal Governments.

*Number of Respondents:* 16,308.

*Frequency of Responses:* Recordkeeping; Reporting: On occasion.

*Total Burden Hours:* 85,999.

### Citric Acid and Certain Citrate Salts From Belgium: Final Results of the Sunset Review of the Antidumping Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On September 22, 2023, the U.S. Department of Commerce (Commerce) issued the preliminary results of the first full five-year sunset review of the antidumping duty (AD) order on citric acid and certain citrate salts (citric acid) from Belgium. We received no comment from interested parties in opposition to our preliminary results. As a result of our analysis, Commerce finds that revocation of the AD order on citric acid from Belgium would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Sunset Review” section of this notice.

**DATES:** Applicable December 21, 2023.

**FOR FURTHER INFORMATION CONTACT:** Deborah Cohen, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4521.

### SUPPLEMENTARY INFORMATION:

#### Background

On June 1, 2023, Commerce published the initiation of the sunset review of the AD order on citric acid from Belgium<sup>1</sup> in the **Federal Register** pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>2</sup> As Commerce received a substantive response from Citribel nv (Citribel),<sup>3</sup> which claimed interested party status under section 771(9)(A) of the Act as a foreign producer and foreign exporter of citric acid, Commerce notified the U.S. International Trade Commission (ITC) that it would conduct a full sunset review of the *Order* pursuant to 19 CFR 351.218(e)(2).<sup>4</sup>

On September 22, 2023, Commerce published the *Preliminary Results*, finding that dumping was likely to
