*Needs and Uses:* On June 18, 2015, the Commission adopted a Report and Order establishing the Numbering Authorization Application, which allows interconnected VoIP providers to apply for a blanket authorization from the FCC that, once granted, will allow them to demonstrate that they have the authority to provide service in specific areas, thus enabling them to request numbers directly from the Numbering

Administrators. The collection covers the information and certifications that applicants must submit in order to comply with the Numbering Authorization Application process. On September 21, 2023, the Commission adopted a Second Report and Order that strengthens this application process by revising this information collection to ensure the Commission receives sufficient detail from interconnected VoIP applicants to make informed, public-interest-driven decisions about their direct access applications and thereby protect the public from bad actors. This information will continue help the Commission stem the tide of illegal robocalls, protect national security and law enforcement, safeguard the nation's finite numbering resources, reduce the opportunity for regulatory arbitrage, and further promote public safety.

*Effective Date:* June 30, 2024.

*General description of collection:* The FR 2590 was implemented in connection with the Board's single-counterparty credit limits rule (SCCL rule),<sup>1</sup> codified in the Board's Regulation YY—Enhanced Prudential Standards (12 CFR part 252)<sup>2</sup> and the Board's Regulation LL—Savings and Loan Holding Companies (12 CFR part 238).<sup>3</sup>

The information collected by the FR 2590 reporting form allows the Board to monitor a covered company's or a covered foreign entity's compliance with the SCCL rule. In addition to the reporting form, the FR 2590 information collection incorporates notice requirements pertaining to requests that may be made by a covered company or covered foreign entity to request temporary relief from specific requirements of the SCCL rule, as well as a requirement that filers of the FR 2590 reporting form retain an exact copy of each completed FR 2590.

*Current actions:* On September 11, 2023, the Board published a notice in the **Federal Register** (88 FR 62364) requesting public comment for 60 days on the extension, with revision, of the FR 2590. The Board proposed to revise the FR 2590 reporting form to clarify that an FBO that meets the large exposure standards on a consolidated basis established by its home-country supervisor is not required to provide additional documentation as part of its FR 2590 submission. The Board also proposed to clarify that a respondent should use tier 1 capital data and total consolidated assets data that is concurrent with its FR 2590 submission when calculating and reporting compliance with the SCCL rule. The Board also proposed to clarify that respondents should retain manually signed and attested copies of the cover page of the FR 2590 form and of the data submitted for three years, in accordance with similar requirements for other regulatory reports. The Board also proposed to clarify that the order of counterparties should be the same across Schedules G–1 through G–4, Schedules M–1 through M–2, and the Summary of Net Credit Exposures. Finally, the Board proposed to revise Schedule M–1 by adding an additional table for firms calculating derivative transaction exposures using the standardized approach for counterparty credit risk to report collateral received in connection with those derivative transactions. The comment period for this notice expired on November 13, 2023. The Board did not receive any comments relevant to the revision of this collection or to the PRA. The revisions will be implemented as proposed.
