[Docket No. ER24-705-000]

#### Bazinga, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Bazinga, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is January 10, 2024.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

### Federal Energy Regulatory Commission

[Docket Nos. UL19-1-000; UL19-2-000]

#### Central Hudson Gas & Electric Corporation; Notice of Availability of Navigability Report for the Walkill River, Request for Comments, and Notice of Pending Jurisdictional Inquiry

On May 9, 2019, the Federal Energy Regulatory Commission (Commission) received a request from the U.S. Department of the Interior's Fish and Wildlife Service (FWS) for an updated jurisdictional determination for the unlicensed Sturgeon Pool and Dashville Hydroelectric Projects. The projects are located on the Walkill River in Ulster County, New York. In response to FWS's request, Commission staff is investigating the jurisdictional status of the Sturgeon Pool Hydroelectric Project (UL19-1-000) and Dashville Hydroelectric Project (UL19-2-000).

Pursuant to section 23(b)(1) of the Federal Power Act (FPA), 16 U.S.C. 817(1), a non-Federal hydroelectric project must be licensed (unless it has a still-valid pre-1920 Federal permit) if it: (a) is located on a navigable water of the United States; (b) occupies lands or reservations of the United States; (c) utilizes surplus water or waterpower from a government dam; or (d) is located on a stream over which Congress has Commerce Clause jurisdiction, is constructed or modified on or after August 26, 1935, and affects the interests of interstate or foreign commerce.

A stream is navigable under section 3(8) of the FPA if: (1) it is currently being used or is suitable for use, or (2) it has been used or was suitable for use in the past, or (3) it could be made

suitable for use in the future by reasonable improvements, to transport persons or property in interstate or foreign commerce. Navigability under section 3(8) of the FPA is not destroyed by obstructions or disuse of many years; personal or private use may be sufficient to demonstrate the availability of the river for commercial navigation; and the seasonal floatation of logs is sufficient to determine that a river is navigable.

Commission staff previously investigated the Commission's jurisdiction over the Sturgeon Pool and Dashville Hydroelectric Projects. In 1988, staff determined that the projects were non-jurisdictional based on staff's finding that the Walkill River was not navigable at the location of the projects.<sup>1</sup> Commission staff's prior finding relied primarily on historical usage of the river. FWS requests that the Commission reexamine navigability of the Walkill River and look specifically at the river's suitability for commercial use. A stream's suitability for commercial use can be demonstrated based on its physical characteristics, as well as its actual use or suitability for use for recreational boating, if this information shows the river is suitable for the simpler types of commercial navigation.<sup>2</sup>

As part of the current jurisdictional review, Commission staff prepared an updated navigability report for the Walkill River. Before deciding on the jurisdictional status of the Sturgeon Pool and Dashville Hydroelectric Projects, the Commission will accept and consider comments on the navigability report. Comments may be filed no later January 22, 2024.

This navigability report may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket numbers, UL19-1 and UL19-2, excluding the last three digits in the docket number field to access the document.
